CALL FOR APPLICATIONS

for the awarding of

SCHOLARSHIPS
ACCOMMODATION PLACES
INTERNATIONAL MOBILITY GRANTS
ACADEMIC YEAR 2026/2027

Published on July 24, 2026

Deadline for application: 12:00 a.m. on September 10, 2026

Summary

ARTICLE 1 – SUBJECT AND RECIPIENTS	6
1.1 Purpose of the call	6
1.2 Recipients	6
1.3 Compatibility with other benefits	6
1.4 Publication obligations pursuant to Law 241/1990, Law 190/2012 and Legislative Decree 33/2013, Reserved Area, Communications, Digital address	7
ARTICLE 2 – ACADEMIC CAREER REQUIREMENTS	8
2.1 Eligible Courses of study	8
2.2 Deadlines for enrollment	9
2.3 Year of first enrollment and duration of study programs	9
2.4 Verification for applicants enrolled in an additional semester or the first year	11
2.5 Students enrolled in the open semester or filter semester of Italian-language courses in Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine	12
2.6 Students enrolled simultaneously in two courses of study at Universities and AFAM institutes	13
2.7 Grounds for direct exclusion	14
ARTICLE 3 – MERIT REQUIREMENTS	14
3.1 Applicants enrolled in the first year of "type A" or "type B" courses	14
3.2 Applicants enrolled in years subsequent to the first of "type A" or "type B" courses	15
3.3 Applicants enrolled in "type C" courses	15
3.4 Diversified merit requirements for students with disabilities	16
3.5 Applicants who have made programme changes with credit recognition	16
3.6 Bonus for achieving the minimum merit requirement	17
ARTICLE 4 – REQUIREMENTS RELATING TO ECONOMIC CONDITION	17
4.1 Participation limits	17
4.2 University ISEE	18
4.3 Composition of the family unit	18
4.3.1 Independent student	18
4.3.2 Student Orphans	19
4.3.3 Student living away from their family of origin	19
4.3.4 Living in a Community	19
4.4 ISEE certification omissions or discrepancies	19
4.5 Applicant status details	20
4.5.1 Applicant with political refugee or stateless status	20

4.5.2 Applicant with citizenship of an EU country (other than Italy) and non-EU country, with household resident abroad	20
4.5.3 Applicant from a particularly poor or developing country	21
4.5.4 Applicant with citizenship of an EU country (other than Italy) and a non-EU country, as well as coming from particularly poor or developing foreign countries, with a household resident in Italy	21
4.5.5 Applicants enrolled in doctoral research courses	22

ARTICLE 5 – RULES FOR PARTICIPATION IN THE COMPETITION 22

5.1 General rules – Terms 22

5.2 Submission of documentation 23

5.3 Specific rules for applicants with disabilities, applicants from other HEIs following withdrawal from studies or forfeiture, applicants already holding another degree and bonus usage 23

5.3.1 Applicants with disabilities	23
5.3.2 Applicants from HEIs other than the one for which they compete in the academic year 2026/2027 following withdrawal from studies or forfeiture	24
5.3.3 Applicants already holding another degree	24
5.3.4 Applicants who have benefited from bonuses	24

5.4 Transfer of application for applicants from other Regions 24

5.5 Information and Support 25

ARTICLE 6 – AMOUNT OF THE SCHOLARSHIP. INCREASES AND DECREASES 25

6.1 Amount of scholarship in relation to income 25

6.2 Increases and decreases 26

ARTICLE 7 – "RESIDENT", "COMMUTER" AND "NON-RESIDENT" STUDENTS 26

7.1 General criteria 26

7.2 Indication of venue Municipalities 27

7.3 Lease agreement for non-resident applicants not housed at university residences 29

7.4 Foreign students 29

7.5 Independent Students 30

ARTICLE 8 – COMPILATION AND PUBLICATION OF RANKING LISTS, ALLOCATION OF FUNDS 30

8.1 Type of rankings 30

8.2 Provisional rankings 30

8.3 Corrections to the data used for the provisional rankings – Soccorso istruttorio 30

8.4 Definitive rankings 31

8.5 Conclusive rankings 32

8.6 Appeals against the definitive and conclusive rankings 32

8.7	Single ranking reserved for students enrolled for the first time in the first year of all courses of study.....	33
8.8	Rankings reserved for applicants enrolled in years subsequent to the first... 33	33
8.9	Eligible scholarship recipients	33
8.10	Eligible non-recipients of a scholarship	34
8.11	Tax refund to eligible applicants.....	34
ARTICLE 9 – FINANCING OF THE COMPETITION.....		34
ARTICLE 10 - PROCEDURES FOR THE USE OF SCHOLARSHIPS AND SERVICES.....		35
10.1	Tuition bursary and services bursary.....	35
10.2	Payment of tuition bursaries	35
10.3	Housing service and related costs	36
10.3.1	Residences.....	36
10.3.2	Fees and payment methods	38
10.4	Catering service and related costs.....	39
10.4.1	Service delivery method	39
10.4.2	Pricing	39
10.4.3	Deduction of the canteen fee from the scholarship	40
10.4.4	Deduction of the canteen fee from the scholarship – students staying in university residence	40
ARTICLE 11 – INTERNATIONAL MOBILITY GRANT.....		41
ARTICLE 12 – INCOME STATEMENT ASSESSMENTS.....		41
ARTICLE 13 - VERIFICATION OF MERIT. RESTITUTION OF UNDUE BURSARY OR OTHER AMOUNTS.....		42
ARTICLE 14 – SUMMARY OF GROUNDS FOR EXCLUSION		42
ARTICLE 15 – CASES OF DISQUALIFICATION AND WITHDRAWAL.....		43
ARTICLE 16 – PROTECTION OF PERSONAL DATA – INFORMATION.....		44
	Data processing purposes and methods	44
	Communication and dissemination of data	44
	Data controller	45
	Data processor	45
	Data protection officer	45
	Rights of data subjects	45
ARTICLE 17 – REFERENCE REGULATIONS.....		45
ARTICLE 18 – PROCEDURE MANAGER.....		46
ARTICLE 19 – PROCEDURE DEADLINES		46
ARTICLE 20 – JURISDICTION		46
ARTICLE 21 – ANNEXES.....		46
DEADLINES.....		47
List of particularly poor countries based on low human development indicators (Decree MUR n. 176 of 24/02/2026)		49

Allegato Modulo 1..... 51

ARTICLE 1 – SUBJECT AND RECIPIENTS

1.1 Purpose of the call

The Azienda per il Diritto allo Studio Universitario della Regione Campania (Campania Regional Agency for Student Affairs, hereinafter also "Agency") hereby issues a call for applications based solely on qualifications for the awarding of:

- scholarships
- accommodation places
- international mobility grants

The lex specialis governing selection is contained in this call.

Submitting the application, students automatically compete for the scholarship. The further request for accommodation and/or an international mobility grant must be explicitly indicated in the online application form, by completing the relevant sections.

1.2 Recipients

Competition is open to students who are enrolled – or intend to enroll – in university or postgraduate degree programs offered by universities in the Campania Region that are strictly listed in Article 2.

Applicants must meet the following requirements:

1. academic career requirements, as described in Article 2;
2. merit requirements, differentiated for applicants enrolled in the first year and those enrolled in years beyond the first, as described in Article 3;
3. income related requirements, as described in Article 4.

Special merit criteria are provided for students with a recognised disability pursuant to Article 3, paragraph 1, of Law no. 104 of 5 February 1992, or with a disability equal to or greater than 66%.

There are no age limits for participating.

All the requirements provided for in this call for applications must be met on the deadline date for this call under penalty of exclusion from participation.

Pursuant to Articles 50 and 64bis of Legislative Decree 82/2005, the Digital Administration Code, Adisurc verifies the possession of the requirements by directly querying, through interoperability, the databases of the certifying administrations: Universities and AFAM Institutes for the requirements of merit and academic career; INPS for the requirements relating to economic and patrimonial conditions.

Applicants are only required to declare:

- the University or AFAM Institute for which they are applying;
- any disability;
- any information about previous careers;
- information about their family unit.

1.3 Compatibility with other benefits

The scholarship is compatible with other individual measures – including monetary ones – promoted by public and private institutions within their respective institutional remits, provided that the purposes of such measures do not overlap with those of this call for applications. For students who meet the eligibility requirements for the call and already receive university-

provided support for board and lodging for the 2026/2027 academic year, the scholarship amount will be equal to that awarded to "local" students within the corresponding income bracket.

The scholarship is compatible with any form of income received by students, with the exception of remuneration for part-time activities paid by universities or the Agency pursuant to Art. 11 of Legislative Decree no. 68/2012.

The scholarship is exempt from income tax, as provided for by Article 4 of Law no. 476 of 13 August 1984 and Circular no. 109/e of 6 April 1995 of the Ministry of Finance.

The scholarship is exempt from the regional tax on productive activities (IRAP), pursuant to Article 16 of Law no. 388 of 23 December 2000.

It should be noted that, although exempt, subsidies allocated through calls for applications in the years prior to 2026/2027, and redeemed during the year 2022, must be indicated in the DSU for ISEE purposes, according to the cash criterion (year of actual use).

1.4 Publication obligations pursuant to Law 241/1990, Law 190/2012 and Legislative Decree 33/2013, Reserved Area, Communications, Digital address

This call for applications, the rankings provided for by the same and the measures through which the benefits will be allocated, disbursed and revoked, are published on the institutional website www.adisurcampania.it, pursuant to Law 241/1990, Law 190/2012 and subsequent Legislative Decree 33/2013, in accordance with Legislative Decree 82/2005 and the provisions of the Guidelines on the processing of personal data, including those contained in administrative documents, carried out by public persons for the purpose of publication and dissemination on the web – approved with provision of the Italian Data Protection Authority no. 243 of 15 May 2014 (Official Gazette no. 134 of 12 June 2014).

Given the large number of participants in this competition, the Agency will not issue individual notifications regarding the approval of rankings or the payment of benefits; all notices published on the aforementioned website constitute proof of full awareness of said documentation pursuant to Articles 3-bis and 21-bis of Law no. 241/1990, and Articles 29 and 41, paragraph 2, of Legislative Decree no. 104/2010.

Applicants can receive personal communications from the Agency:

- in their reserved area;
- by PEC or e-mail to the email addresses indicated during the registration;
- by the AppIO;
- by the SEND digital notification platform.

Legally binding communications regarding the initiation and conclusion of proceedings to revoke benefits or to conduct financial and asset assessments are sent to the individual student by the Agency via PagoPA S.p.A.'s SEND platform, constituting formal legal notification.

Each applicant has their own reserved area pursuant to Articles 4 and 41 of Legislative Decree no. 82/2005, accessible through their authentication credentials as per art. 5.1, in which it is possible:

- submit the online application to access the scholarship;
- communicate the IBAN code, as indicated in article 10;
- view one's status and ranking position, as well as all the data used to determine that status and position;
- view payments made by the Agency;
- view any messages from the Agency;
- open a ticket to request assistance or clarification to the Agency.

For any information not present in their reserved area, applicants can exercise the rights recognised by Law 241/1990 and Legislative Decree 33/2013 by sending a message from a

certified PEC email address in their name to the ADiSURC certified email address adisurc@pec.it and will receive communications to the sender address having legal effect pursuant to Articles 3-bis, 8, 21-bis, paragraph 1, of Law 241/1990.

The processing of sensitive data and the exchange of communications are understood to be carried out in full compliance with the rules safeguarding privacy and in compliance with the criteria laid down by Legislative Decree 196/2003 and Regulation (EU) 2016/679 of the European Parliament and Council of 27 April 2016.

ARTICLE 2 – ACADEMIC CAREER REQUIREMENTS

2.1 Eligible Courses of study

Students who are enrolled or intending to enrol (hereinafter "enrolees") in one of the following **courses of study** at one of the following higher education institutions of the Campania Region (hereinafter "HEIs" or "Universities") may participate in the competition:

Higher Education Institution	Course category	Course
1. University of Sannio in Benevento	"Type A" courses	Bachelor's degree courses
2. University of Naples Federico II		Single-Cycle Bachelor's Degree Courses
3. University of Naples "L'Orientale"	"Type B" courses	Master's degree courses
4. University of Naples "Parthenope"	"Type C" courses	Statutory graduate courses for professional practice (excluding healthcare sciences pursuant to Legislative Decree 368/1999)
5. University of Salerno		Doctoral research courses (if not for recipients of the scholarships referred to in Ministerial Decree 30/04/1999, no. 224, activated pursuant to Article 4 of Law 210/1998)
6. University of Campania Luigi Vanvitelli		
7. University of Naples "Suor Orsola Benincasa"		
8. Accademia di Belle Arti di Napoli		
9. Accademia della Moda		
10. Scuola Superiore per Mediatori Linguistici [Advanced School for Linguistic Mediators] – Academy School		
11. Scuola Superiore per Mediatori Linguistici [Advanced School for Linguistic Mediators] – International (IPSEF)		
1. Conservatory of Music "Domenico Cimarosa" in Avellino	"Type A" courses	First-level academic degree
2. Conservatory of Music "Giuseppe Martucci" in Salerno	"Type B" courses	Second-level academic degree
3. Conservatory of Music "Nicola Sala" in Benevento		
4. Conservatory of Music "San Pietro a Majella" in Naples		

*The subdivision of courses into "type A," "type B" and "type C" is used in this call solely to facilitate identification of the same and does not correspond to a similar categorisation at HEIs.

Participation is not open to those enrolled in degree programs at the universities listed in the table as part of the training of Armed Forces officers, conducted in coordination with the military academies.

2.2 Deadlines for enrollment

All applicants must enroll for the 2026/2027 academic year and pay the regional fee for the right to university study, following the procedures specified by the relevant universities and AFAM institutions.

It is allowed to participate even before being enrolled at the university, declaring which university students intend to enroll in.

The deadline for university enrollment, for the purpose of eligibility for the competition, is March 31, 2027. Consequently, students whose enrollment is finalized after this date are excluded.

Specifying the university during the application process is essential to allow for the querying of the database containing applicants' academic records, in order to assess participation and eligibility requirements.

In the event of a transfer to a university other than the one indicated at the time of application, the university designation may be updated starting from the opening of the amendment phase referred to in Article 8.3 and up to March 31, 2027.

Those who are not enrolled at the time of querying the data at the university, will be placed in a condition of **suspension** in the provisional and final rankings (articles 8.2 and 8.4).

Therefore, to avoid the suspension of eligibility and, therefore, the late payment of scholarship, **it is recommended to complete the enrollment for the 2026/2027 academic year by 20 September 2026.**

Since the assignments of accommodation places are made primarily in favor of suitable non-suspended applicants, immediately after the approval of the provisional rankings (art. 8.2), those who intend to compete also for an accommodation place **are required to complete the enrollment in the academic year 2026/2027 by 20 September 2026.**

Suspension will be removed directly by ADISURC at the latest during the preparation of the conclusive rankings (art. 8.5) and after verifying the data with the relevant institutions. Removal of this conditional eligibility entails exclusion from the conclusive rankings (art. 8.5) if the applicant does not enrol for the academic year 2026/2027 **by 2027, March, 31**, or if final enrollment results in a change to the merit requirements for which the applicant was included in the ranking.

NB. The terms referred to in this article are established solely for the purposes of participation in the competition and not for the purposes of university enrollment, for which applicants are invited to consult the HEI regulations.

2.3 Year of first enrollment and duration of study programs

The calculation of the duration of university enrollment, for the purpose of determining each applicant's year of study, is based on the year of initial enrollment, which is as follows:

- A. For students enrolled in a **"type A"** course for the academic year 2026/2027, *"year of first enrollment"* means the academic year in which, after obtaining a high school diploma, the student enrolls for the first time at any university institution operating on Italian territory.

- B. For students enrolled in a **"type B"** course for the academic year 2026/2027, *"year of first enrollment"* means the academic year in which, after obtaining a three-year degree, the student enrolls for the first time in this type of course at any university institution operating on Italian territory.
- C. For students enrolled in a **"type C"** course for the academic year 2026/2027, *"year of first enrollment"* means the academic year in which the student enrolls for the first time in a statutory graduate course for professional practice or in a doctoral research course, at any university institution operating on Italian territory.

The aforementioned definition of "year of first enrollment" excludes cases of change of academic path governed by Art. 3.5.

Applicants enrolled in the courses mentioned in art. 2.1 can participate if they have not exceeded, starting from the year of first registration and including the semester in which they enrolled for the academic year 2026/2027:

- a maximum enrollment period of seven semesters if enrolled in a three-year degree course;
- a period of five semesters if enrolled in a master's degree course
- a period equal to the duration provided for by the educational system plus one semester if enrolled in a single-cycle degree course;
- a period equal to the duration provided for by the educational system if enrolled in a statutory graduate course for professional practice or in a doctoral research course.

The term **"additional semester"** refers to applicants who are enrolled, for the academic year 2026/2027:

- in the seventh semester if enrolled in a three-year degree course;
- in the fifth semester if enrolled in a master's degree course;
- in the eleventh or thirteenth semester if enrolled in single-cycle degree course.

In essence, therefore, it is permitted to compete up to the first year beyond the standard duration (an additional semester). Any scholarship for the additional semester is reduced by half, as specified in Article 6 below.

Students with a disability within the meaning of Article 3, paragraph 1, of Law no. 104 of 5 February 1992, or with a disability equal to or greater than 66%, qualify for more advantageous treatment in relation to the duration of the benefit granted. Starting from the year of first enrollment and including the semester in which they are enrolled for the academic year 2026/2027, the benefit may be awarded:

- for a maximum enrollment period of nine semesters if enrolled in a three-year degree course;
- for a period equal to the duration provided for by the educational system plus three semesters if enrolled in a single-cycle degree course;
- for a period of seven semesters if enrolled in a master's degree course.

Applicants enrolled for the academic year 2026/2027 as "repeat students" or "supplementary intermediate year" or "supplementary final year" or with "programme suspended" **are not eligible to apply** for the competition, pursuant to Article 6, paragraph 14, of the Prime Ministerial Decree of 9 April 2001.

The scholarship awarded to applicants who are **duly enrolled for the academic year 2026/2027** for an additional semester with respect to the duration provided for by the educational system (additional semester) will not be revoked in the event of obtaining the degree in the extraordinary session of the academic year 2025/2026.

Therefore, **students who are eligible or selected as beneficiaries in the provisional (Art. 8.2) and final (Art. 8.4) rankings could be ineligible in the subsequent conclusive rankings (Art. 8.5) if they obtain their degree during the ordinary session of the 2025/2026 academic year.** They retain the benefit if they obtain their degree during the extraordinary session of the 2025/2026 academic year.

2.4 Verification for applicants enrolled in an additional semester or the first year

For the following applicants:

1. applicants who have the right to defer enrollment in the academic year 2026/2027, as they could alternatively enrol in an "additional semester" of a three-year degree (of "type A") or in the first year of a master's degree (of "type B");
2. applicants who have the right to defer enrollment in the academic year 2026/2027, as they could alternatively enrol in an "additional semester" of a master's degree (of "type B") and a single-cycle degree (of "type A") or in the first year of a "type C" course,

the Agency automatically verifies enrollment during the academic year 2026/2027 on the occasion of ranking and provides for correct placement in the ranking.

Students in this condition will be admitted to the competition:

1. if their graduation exam falls within the a.y. 2026/2027, they will be placed as an additional semester and any scholarship will be reduced by half;
2. if their graduation exam falls within the extraordinary session of the a.y. 2025/2026, they will be placed:
 - 2.1 as the first year of a master's degree, if they will enroll in this course. They will be subject to the verification of the 20 ECTS at the data of 10/08/2027 or 30/11/2027, to determine whether there is a right to 100% of the scholarship, 50% or no scholarship;
 - 2.2 as an additional three-year degree semester, even if they graduated in 2025/2026, and any scholarship will be reduced by half.

Basically, students about to graduate will in any case be recognized as eligible for an additional semester 2026/2027, even if they graduated in 2025/2026, but only if both of these two conditions occur:

- a) the degree in the a.y. 2025/2026 takes place in the extraordinary session of the a.y. 2025/2026 and not before;
- b) they enroll in an additional semester in 2026/2027.

For the purposes of this article, the extraordinary session begins on 1 December 2026.

In case of enrollment in a first year of a master's degree in 2026/2027, any inclusion in the single ranking of students enrolled in the first year takes place automatically after verifying enrollment during the classification of the rankings, with consequent adjustment of the amount of scholarship.

	Moment of degree	Outcome	Ranking	Amount of scholarship
Student enrolled in the additional semester	Ordinary session 2025/2026	Exclusion		
	Extraordinary session 2025/2026 and no further enrollment	Eligibility	Years subsequent to the first	50% (additional semester)
	Extraordinary session 2025/2026 and subsequent enrollment to the next level	Eligibility	First year	100% (subject to the verification of the 20 ECTS)

2.5 Students enrolled in the open semester or filter semester of Italian-language courses in Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine

Students simultaneously enrolled in the *open semester* or *filter semester* of one of the Italian-language degree courses in Medicine and Surgery (LM-41), Dentistry and Dental Prosthetics (LM-46) and Veterinary Medicine (LM-42) and one of the related courses listed in Article 8 of the Ministerial Decree 418/2025, may compete under the following conditions:

- as an exception to the ordinary deadline, they may submit the application form by **March 31, 2027**; in this case, they must follow the procedures used for students transferring from another Region, as set forth in Article 5.4 below. Specifically, the transfer will be accepted if they have submitted their application to participate in the competition for scholarships to the university organization of that Region no later than the applicable deadline for this competition;
- they are suspended in the ranking list until the end of the qualifying semester and, therefore, until they complete their enrollment for the 2026/2027 academic year, if they are placed on the merit ranking list, or if they enroll in one of the similar courses available in the Campania Region. In both cases, enrollment must be completed by **March 31, 2027**. Suspension of eligibility also entails the suspension of benefits, including the payment of any scholarships and the assignment of accommodation;
- as an exception to the 10-month duration provided for in Article 7.1, they obtain the status of *non-resident* student if their stay in paid accommodation lasts at least 3 (three) months in the period 01/10/2025 – 30/09/2026;
- if they obtain the scholarship, its amount is equal to the annual amount for students with *on-site* and *commuter* status; conversely, for students with non-resident status, the increase of the scholarship is based on the months of paid accommodation, at least equal to 3. If status changes due to a change in the course location between the filter semester and the actual semester, the amount of the scholarship is adjusted proportionally;
- they can obtain a place in a University Residence at the end of the filter semester, in case of access to the merit ranking, or in case of enrollment in one of the similar courses active in the Campania Region, in case of residual availability of places;
- they can have catering service at the discounted rate corresponding to the second category, unless they subsequently re-enter, at the end of the filter semester, within the pricing conditions set out in the Regulations, in the event of eligibility for this competition (free or first category);
- they are excluded from the competition if, after completing the filter semester, they enroll for the second semester at a university outside the Campania Region.

Students enrolled for the 2026/2027 academic year in the *open semester* or *filter semester* program, who are simultaneously enrolled in a later year of another degree program, will be ranked based on that other program, in accordance with the rule set out in Article 2.6 below. To this end, **they must declare on the online application form that they are applying via the university where their earlier academic record is held, even if they also intend to apply for the filter semester at a different university.**

Subsequently, upon successfully completing the filter semester, they may request a university transfer using the designated online form.

Similarly, **students who, by the end of the filter semester, are enrolled at a university other than the one indicated during the application process must report this change of university between the opening of the amendment phase (referred to in Article 8.3) and March 31, 2027.**

Specifying the university during the application process is essential to allow the system to query the database containing applicants' academic records in order to assess eligibility and participation requirements.

Failure to update the university of enrollment by the aforementioned deadline will result in exclusion from the selection process.

2.6 Students enrolled simultaneously in two courses of study at Universities and AFAM institutes

Students enrolling simultaneously in two courses of study at Universities and/or AFAM institutes, pursuant to Law no. 33 of 12 April 2022, are required to pay the regional student services fee for enrollment in both courses.

These students qualify for student support services for only one, independently elected course of study (primary course of study). Students in this condition, therefore, **are required to declare their second course of study in the online application form.**

In the event of financial availability in addition to the fund necessary to ensure the basic scholarship for all students, students eligible for the competition and beneficiaries of scholarships will be granted an increase of 20%.

The increase is due only if the recipient meets and maintains the merit requirements for the entire duration of the two courses; it is not due, therefore, in the event that the recipient fails to maintain the scholarship requirements for the secondary course.

In compliance with the provisions of art. 1.2.2 of the call, the primary course is always the oldest, the one which started first.

Therefore, in the case of enrollment in courses of the same type - Type A (three-year/single cycle), Type B (master's), Type C (post-graduate), in the case of dual enrollment in one first year of a course and one subsequent year of a course, the primary course shall be the latter. In case of enrollment in two courses, both for years subsequent to the first, the primary course shall be the course enrolled in earlier.

Therefore, applicants with dual enrollment will be subject to the following process:

Primary course	Secondary course	Outcome
First year	First year	Admitted
Next earliest year	Next more recent year	Admitted
Next year	First year	Admitted
Next more recent year	Next earliest year in another Region	Not admitted
First year	Next year in another Region	Not admitted
Next more recent year	Next earliest year in Campania	Admitted, but earlier course automatically elected as primary
First year	Next year in Campania	Admitted, but the following year course automatically elected as primary

No increase is recognized in cases of double enrollment in different types of courses - Type A (three-year/single cycle), Type B (master's), Type C (post-graduate).

Students lose eligibility for the scholarship and the increase for double enrollment, at the time of graduation in the first course.

Applicants are required to state which of the above dual enrollment circumstances they match, in order to allow for verification.

The primary course must be maintained throughout the university programme; it may not be interchanged with the secondary course from one year to another for the purposes of convenience. Exclusively in the case of double enrollment for the first time, applicants can swap

the primary course with the secondary, if they have achieved at least 20 credits in the latter and not in the first. The choice thus made becomes irrevocable for the rest of the career.

2.7 Grounds for direct exclusion

Pursuant to Article 3, paragraph 4, of the Prime Ministerial Decree of 9 April 2001, the benefits referred to in this call for applications are granted **for the first-time** achievement of each level of the aforementioned courses of study.

Therefore, the following applicants are not eligible for the competition:

- applicants who already hold another university degree (including those obtained abroad and not recognised in Italy) of the same level as the degree they aim to acquire at the end of the course for which they are enrolled for the academic year 2026/2027;
- applicants who, following a programme change, have already obtained a scholarship for the same course year for which they wish to apply;
- applicants who, following a programme change, have enrolled for the academic year 2026/2027 in the first year of a course of study of the same type as the course that they have previously taken;
- applicants enrolled with a shortened programme track, after a three-year Bachelor's degree, in the third or fourth year of a single-cycle Master's degree programme for the 2026/2027 academic year; such applicants are excluded from the competition due to holding a degree of the same level. They may apply if enrolled in the fourth, fifth, or sixth year of the new single-cycle Master's degree programme, that is, for the years that do not overlap with the previously obtained degree.

ARTICLE 3 – MERIT REQUIREMENTS

3.1 Applicants enrolled in the first year of "type A" or "type B" courses

Applicants enrolled **for the first time** in the first year of a "type A" course or a "type B" course referred to in art. 1.2.1, are not required to meet, **at the time of application submission**, any merit requirement.

The eligibility and position of these applicants within the ranking are determined solely on the basis of economic requirements; however, to maintain the status of assignee of a scholarship obtained on the basis of economic condition, the aforementioned applicants must achieve at least **20 university credits by the deadline of 30/11/2027**.

Eligible assignee applicants enrolled in the first year who do not achieve at least 20 credits by the deadline of 30/11/2026 will lose the status of assignee but will retain their eligibility. Consequently, these applicants are required to return any scholarship advance they may have received and the sum of money corresponding to all benefits related thereto (art. 10).

Applicants who have at least **20 credits by the deadline of 30/11/2027**:

- will receive 100% of the scholarship awarded in the ranking and the associated benefits if they have at least 20 credits by the deadline of **10/08/2027**.
- will be entitled to receive only 50% of the scholarship awarded in the ranking** and will be able to claim this if they obtain at least 20 credits after 10/08/2027 but before 30/11/2027.

Final verification of the 20 credits obtained is performed after 30 November 2027.

For the number of credits earned on 10/08/2027 and 30/11/2027, credits for exams taken during preparatory/advanced courses, including those validated during the course of studies attended in the academic year 2026/2027, will not be considered.

3.2 Applicants enrolled in years subsequent to the first of "type A" or "type B" courses

For applicants enrolled in years subsequent to the first:

- a. of a "**type A**" course referred to in art. 2.1;
- b. of a "**type B**" course referred to in art. 2.1;

provided that they are enrolled "in progress" or in an "additional semester," the merit requirements, starting from the **year of first enrollment** and calculated as described in the previous art. 2.3, consist in having obtained **by 10/08/2026 a number of training credits**, including those relating to "*elective activities*" or "*internship activities*" or, again, of the "*training activities*" selected by the student, to the extent specified below:

"Type A" three-year degree course:

- a. 25 credits and the successful completion of any training required for admission to the course if enrolled in the second year;
- b. 80 credits if enrolled in the third year;
- c. 135 credits if enrolled for an "additional semester."

"Type A" single-cycle degree course:

- a. 25 credits and the successful completion of any training required for admission to the course if enrolled in the second year;
- b. 80 credits if enrolled in the third year;
- c. 135 credits if enrolled in the fourth year;
- d. 190 credits if enrolled in the fifth year;
- e. 245 credits if enrolled in the sixth year, where applicable;
- f. 55 credits more than the number expected for the last year of the course if enrolled in the "additional semester."

"Type B" master's degree course:

- a. 30 credits if enrolled in the second year;
- b. 80 credits if enrolled for the "additional semester."

The number of credits indicated above is the minimum requirement for participation, without prejudice to the provisions of art. 3.6 in terms of bonus.

All credits that the University or AFAM Institute deems valid in the course of study for which the applicant is applying, are considered for the purposes of the competition.

Credits accrued within the Erasmus project or other international mobility projects are valid for the calculation of merit only if earned before 10/08/2026, including if registered at a later date, provided that they are registered prior to preparation of the conclusive rankings.

If the university organization of the courses provides that the student can obtain a number of credits lower than 60, merit requirements indicated in this article are redefined proportionally.

If the university organization of the courses provides annual courses, the merit requirements indicated in this article are reduced by 2 credits for each course of this type activated in the academic year, up to a maximum of 4 credits.

3.3 Applicants enrolled in "type C" courses

Applicants enrolled in a "**type C**" course referred to in art. 2.1 are not required to meet any merit requirements: their eligibility and position within the ranking are determined solely on the basis of economic requirements.

3.4 Diversified merit requirements for students with disabilities

Students with a disability within the meaning of Article 3, paragraph 1, of Law no. 104 of 5 February 1992, or with a disability equal to or greater than 66%, are eligible for preferable treatment with regard to the merit requirement. Specifically:

- a. if enrolled for the first time in the first year of a degree course, they are exempt from the provisions of the previous art. 3.1 relating to the achievement of 20 credits by 10/08/2027 or by 30/11/2027;
- b. if enrolled in years subsequent to the first, they must accrue by 10/08/2026 a number of training credits reduced by 40% compared to the number prescribed by art. 3.2.

To this end, it is mandatory to submit documentation certifying the disability or invalidity status by the competition deadline, in accordance with the procedures specified in Article 5.

3.5 Applicants who have made programme changes with credit recognition

Applicants enrolled in a year subsequent the first, who have a previous university career, in the same type of course (Type A-B-C) of the one in which they are enrolled for the a.y. 2026/2027, are usually included in the ranking with reset of the career, i.e. without counting any validated credits. For these applicants, notwithstanding the provisions of art. 2.3, the year of first enrollment coincides with the year of enrollment in the course attended for the a.y. 2026/2027. Exceptions are those for whom the University, following a career change, establishes enrollment in a higher year (repeating students).

[Example: student with previous career started in 2023/2024, career change and new enrollment from 2024/2025 to the current three-year degree course:

1. *if the University regularly enrolls him in the current third year, he is placed in the ranking with the year of first enrollment 2024, without counting the credits validated from a previous career;*
2. *if the University enrolls him in the fourth year (third year out of course), he is placed in the ranking with the year of first enrollment 2023 and not 2024, counting the credits validated from a previous career].*

Within the conclusive rankings (art. 8.5) applicants can request that the previous career is not reset. In this case, any validated credits will be counted, but the year of first enrollment will correspond to the year of first enrollment in the type of course attended in the a.y. 2026/2027, in accordance with the definitions set forth in art. 2.3.

Applicants whose university and administrative programme records are not all registered in time to compile the rankings are subject to confirmation pending verification by the Agency. The same applicants will be excluded where:

- a) their university position is not registered at the HEI/AFAM institute in time for the compilation of the latest conclusive rankings;
- b) their university position is registered at the HEI/AFAM institute in time for the compilation of the latest conclusive rankings, but they do not meet the requirements prescribed by the call.

Applicants who, in academic years prior to the academic year 2026/2027, have made one of the programme changes referred to in this article and are again enrolled in a first year of the course for the academic year 2026/2027 are excluded pursuant to art. 2.7 of this call.

Applicants enrolled by **abbreviation of course**, after obtaining the three-year degree, **from the first to the third year** of a single-cycle degree course for the a.y. 2026/2027, are excluded from the competition for possession of a qualification of the same level. These applicants will be able to compete if enrolled in the fourth and fifth year of the new single-cycle degree course.

3.6 Bonus for achieving the minimum merit requirement

Applicants enrolled for years subsequent to the first in a "type A" or "type B" course who do not possess the minimum number of credits required under art. 3.2 on **10/08/2026** will have the opportunity to qualify for a credit "**bonus**" accrued on the basis of the course year attended, in the following ways:

- **5 credits:** for use throughout the university programme, if used for the first time **for access to benefits for the second academic year**. The unused portion may be used for competitions in subsequent years (e.g. if 2 credits are used for second year benefits, the student has 3 remaining credits that can be used for all the subsequent years until completion of the university programme);
- **12 credits:** for use throughout the university programme, if used for the first time **to receive benefits for the third academic year**. The unused portion can be used for competitions in subsequent years, e.g. if 5 credits are used for third year benefits, the student will have 7 remaining credits that can be used for all the subsequent years until completion of the university programme);
- **15 credits:** for use throughout the university programme, if used for the first time **to receive benefits for the third academic year**. The unused portion can be used for competitions in subsequent years, e.g. if 10 credits are used for benefits in years subsequent to the third, the student will have 5 remaining credits that can be used for all the subsequent years until completion of the university programme).

The number of bonus credits that may be necessary to achieve the minimum merit requirement is assigned directly by the Agency.

Applicants enrolled for years subsequent to the first of a "type B" master's degree course can use the bonus accrued but not used during the three-year degree.

The number of bonus credits is the same throughout their university programme, even if split between multiple HEIs. Therefore, an applicant from a HEI **other than the one in which they are enrolled for 2026/2027** and who has already benefited from a "**bonus**" with an institution for student affairs other than ADISURC is required to communicate this in the online form.

The remaining bonus credits, if available and if necessary, may be used for participation in this competition.

Applicants who are eligible due to "**bonus**" credits awarded are placed in the rankings below applicants who have not benefited in this way (art. 8.8).

Bonuses cannot be awarded to applicants enrolled in the first year of a "Type A" or "Type B" course.

ARTICLE 4 – REQUIREMENTS RELATING TO ECONOMIC CONDITION

4.1 Participation limits

Pursuant to the Prime Ministerial Decree of 09 April 2001, art. 5, paragraph 9 and the provisions of the Campania Region "Annual university access intervention plan for the academic year 2026/2027," all applicants must meet the following income requirements for participation in the competition:

- a) the combined Indicator of the Equivalent Financial Situation of the household (ISEE), and the indicator of the financial situation abroad, must not exceed **€ 25.500,00** (twenty-five thousand five hundred/00);
- b) the Equivalent Balance Sheet Indicator of the household (ISPE) must not exceed **€ 54.000,00** (sixty-four thousand/00).

The ISEE limit of € 25.500,00 is to be considered net of any amount relating to **scholarships, graduation awards, grants for international mobility and grants for student**

partnerships awarded in the academic years prior to 2026/2027 and received in the 2022 calendar year (from 01/01/2024 to 31/12/2024 – cash principle).

4.2 University ISEE

The economic conditions of applicants are identified on the basis of the indicator of the equivalent economic situation referred to in Prime Ministerial Decree 159/2013 as amended, and must be self-certified, **under penalty of exclusion from the competition**, through a **ISEE statement valid for university study support benefits**, commonly known as **"ISEE UNIVERSITÀ"**.

Under penalty of exclusion from the competition, the Single Personal Declaration (DSU) must be signed in the year **2026** and the related ISEE certificate must be available automatically in the INPS archives no later than the day following the deadline for application submission.

NB. Applicants are advised to ensure that their Tax Centre (CAF - centro di assistenza fiscale) forwards the signed DSU to INPS.

4.3 Composition of the family unit

The University ISEE is issued following the completion of **Form MB2 – Section C "University Services"** – of the Single Substitute Declaration (DSU), **after identifying the student's family unit, regardless of their registered residence, which may differ from that of their family unit of origin.**

The rules for submitting the DSU for the purpose of obtaining the University ISEE are those indicated in Article 8, paragraph 2, of Prime Ministerial Decree 159/2013, according to which **THE STUDENT IS ALWAYS PART OF THE PARENT UNIT** unless one of the conditions indicated in the following paragraphs 4.3.1, 4.3.2, and 4.3.3 is met.

Applicants whose family unit declaration is found by the Company to be inconsistent with the provisions of this article will be excluded from the competition and will incur the penalties applicable to those who exceed the admission threshold:

- a. **Triple reimbursement of the amount unduly received;**
- b. **Loss of benefits for the entire career;**
- c. **Sanction from €500.00 to €5,000.00;**
- d. **Reporting to the judicial authorities;**
- e. **Reporting to the University for tuition fees;**
- f. **Reporting to the INPS.**

4.3.1 Independent student

Pursuant to Article 8, paragraph 2, of Prime Ministerial Decree 159/2013, **for the sole purpose of University ISEE, the student remains part of their parents' household – even if not living with them – unless actual autonomy is demonstrated.**

A student is defined as 'independent' if they meet all three of the following requirements:

1. they left their household of origin at least two years prior to the date of submission of the scholarship application;
2. they live in rented accommodation owned by a person other than members of their household of origin;
3. they have earned income from employment or similar work, declared for tax purposes, for at least two years prior to participation in the competition (for the fiscal years 2024 and 2025) and have earned no less than € 9.000,00 (nine thousand/00) per year.

A student is also considered 'independent' if he is married or in a registered "de facto cohabitation" (Art. 1, paragraph 36, of Law 76/2016) registered with the municipality of

residence, provided that their 2024 and 2025 income, combined with that of their spouse or partner, reaches the minimum threshold of €9,000.00.

A married student or one in a registered "de facto cohabitation" (Art. 1, paragraph 36, of Law 76/2016) registered with the municipality of residence, whose 2024 and 2025 income, combined with that of their spouse or partner, does not reach the minimum threshold of €9,000.00, is included in their parents' household unit.

All applicants intending to participate as independent students must self-certify this status in the online application form.

While these applicants are entitled to the scholarship corresponding to non-resident students, they will automatically be subject to an economic and financial assessment.

4.3.2 Student Orphans

A student who has lost both parents is considered a separate family unit, unless he or she is considered a member of the family unit of his or her spouse or partner in a "de facto cohabitation" regime (Article 1, paragraph 36, of Law 76/2016) registered with the Municipality of residence. In this situation, the applicant is required to indicate the municipality where the death is registered.

4.3.3 Student living away from their family of origin

A student living apart from their parents is considered a separate household, unless he is deemed part of the household of a spouse or a partner in a registered *de facto* cohabitation arrangement (Art. 1, paragraph 36, of Law 76/2016) registered with the municipality of residence.

Applicants in this situation are required to submit appropriate documentation, such as a court ruling or a report from municipal social services, attesting to the absence of ties with their original family unit.

4.3.4 Living in a Community

A student who is registered as a cohabitant pursuant to Presidential Decree No. 223 of May 30, 1989, i.e., a student who permanently resides in religious, welfare, or health care institutions, military, penal institutions, or similar institutions, is considered a separate family unit, unless he or she is considered a member of the family unit of his or her spouse or partner in a "de facto cohabitation" regime (Article 1, paragraph 36, of Law 76/2016) registered with the Municipality of residence.

4.4 ISEE certification omissions or discrepancies

If the INPS, through the Revenue Agency or other public administrations holding the data relevant for the DSU, **identifies omissions and/or discrepancies** in the self-declared DSU data, this is indicated in the ISEE certificate issued to the applicant.

In that case, the applicant may:

- a. submit a new DSU to remedy the omissions;
- b. request the benefit through the ISEE certification containing omissions.

These applicants will be included in the ranking with the income values of the last University ISEE certificate held in the INPS archives, with any omissions and discrepancies indicated. **If the income values are those taken from ISEE certification containing omissions, the applicants will still be considered eligible if they meet the requirements of articles 3 and 4 of the call. However, if omissions are not rectified in time for the approval of the**

conclusive ranking, they will also be subjected to an economic and financial assessment, with notification to the Guardia di Finanza (Finance Police).

Applicants included in the provisional rankings with the income values of an ISEE certificate containing omissions may request correction pursuant to art. 8.3.

These applicants will remain subject to confirmation, with consequent suspension of payment, until their position is rectified and no later than the approval date of the conclusive rankings, being permitted to sign a new DSU at the CAF (Tax Centre) to remedy the omissions.

Where the omissions have not been remedied and communicated to ADISURC in time for the approval of the definitive rankings, and without prejudice to the possession of the requirements of art. 3 and 4 of the call following the presentation of the new ISEE, the payment of any scholarship awarded will take place by 30/06/2027:

- in a lump sum for those enrolled in years subsequent to the first;
- at a rate of 50% for those enrolled in the first year,

and the name will be sent to the Guardia di Finanza (Finance Police) for the economic and financial assessment.

This does not apply to applicants whose scholarship will be funded through ESF ROP resources, for whom suspension of payment will remain until omissions/discrepancies are corrected.

4.5 Applicant status details

4.5.1 Applicant with political refugee or stateless status

An applicant who declares themselves stateless or a political refugee is considered to be a student with household resident in Italy. Therefore, the applicant's economic conditions are identified on the basis of the indicator of the equivalent economic situation as per Prime Ministerial Decree 159/2013 as amended and must be self-certified through the UNIVERSITY ISEE referred to in art. 4 of the call.

The status of stateless student or political refugee must be self-certified or documented **no later than the deadline for participation in the competition**, through:

- a. **residence permit for political asylum**, issued by the Police Headquarters (Questura) to holders of documentation certifying refugee status, pursuant to Article 1(a), of the 1951 Geneva Convention, issued by one of the Territorial Commissions for the recognition of refugee status and international protection established with the Ministry of the Interior;
- b. **certification of statelessness** (Article 17 of Presidential Decree 572/1993), issued by the Ministry of the Interior, Department for Civil Liberties and Immigration, at the request of the interested party.

4.5.2 Applicant with citizenship of an EU country (other than Italy) and non-EU country, with household resident abroad

Pursuant to Article 8, paragraph 3, of Legislative Decree no. 68 of 29 March 2012, the economic condition of a foreign applicant **with household resident abroad** or of an Italian applicant residing abroad is defined through the Indicator of the **equivalent economic situation abroad**, calculated as the sum of any income received abroad and 20% of assets owned abroad, assessed pursuant to Article 7, paragraph 7, of Legislative Decree no. 68 of 29 March 2012.

Therefore, an applicant **with household resident abroad** must send ADISURC, **no later than 31/03/2027 and under penalty of exclusion**, a copy of the **EQUIVALENT UNIVERSITY ISEE (ISEEUP)** completed at a CAF (Tax Centre) and in one of the ways referred to in art. 5.

Upon any subsequent request of ADISURC, this applicant must then produce the documents issued by the competent authorities of the country where the income is produced and the assets owned, translated into Italian language by Italian diplomatic authorities and certifying:

- a. the household of origin, specifying: name, surname and date of birth of each member, as well as any absence of one or both parents, in order to identify the correct equivalence scale parameter;
- b. the work activity and the relative gross income received abroad by each household member in the year 2024 (lack of income must be specified in the documentation);
- c. any buildings owned abroad by each household member on 31 December 2024 with the relative area specified as well as the movable assets available abroad on the same date (the absence of real estate assets must be expressly specified in the documentation);
- d. any rental costs incurred for the residence of the household.

The payment of any scholarship funds will be suspended until the EQUIVALENT UNIVERSITY ISEE (ISEEUP) is received.

4.5.3 Applicant from a particularly poor or developing country

An applicant from a particularly poor or developing country referred to in Ministry of Education, University and Research Decree no. 176 of 24/02/2026, **with a household resident in said country**, must transmit the following to ADISURC, using one of the methods referred to in art. 5 and **under penalty of forfeiture of this status, no later than the deadlines for participation in the competition:**

1. a certificate from the Italian Diplomatic Representation in the country of origin certifying that the student does not belong to a family known to have a high income and a high social level, pursuant to Article 13, paragraph 5, of the Prime Ministerial Decree of 9 April 2001;
2. alternatively, for applicants who enrol in the first year of three-year degree, master's degree, single-cycle degree courses, the certification referred to in the previous paragraph may be issued by bodies authorised to provide economic coverage guarantees (Italian institutions and bodies with established credit, local governments, foreign institutions and bodies considered reliable by the Italian diplomatic representation) referred to in the current provisions on enrollment of foreign students in Italian universities. In this case, the body issuing the certification undertakes to return any scholarship and service fees that may have been used on behalf of the student in the event of revocation.

In the absence of said certification, the arrangement for an applicant with a household abroad referred to in the previous paragraph apply; the applicant must therefore complete the online application form and send a copy of the EQUIVALENT ISEE **no later than 31/03/2027**.

Applicants from particularly poor or developing countries, but **having a household resident in Italy**, are treated in the same way as Italian students and therefore must complete the UNIVERSITY ISEE certification as per art. 4.2.

The list of countries considered particularly poor or developing are defined, for the purposes of this competition, by Ministry of Education, University and Research Decree no. 166 of 03/03/2026, and is attached to the call guidelines.

4.5.4 Applicant with citizenship of an EU country (other than Italy) and a non-EU country, as well as coming from particularly poor or developing foreign countries, with a household resident in Italy

The following are equal in all respects to Italian students:

- a) **foreign student applicant who lives with their family in Italy**, with or without an income and/or savings abroad;
- b) **foreign student applicant residing in Italy**, with a household resident abroad, but who is considered **independent**.

These students must complete the UNIVERSITY ISEE certificate as per art. 4.2.

NB: A student is defined as 'independent' if they meet all three of the following requirements:

1. they left their household of origin at least two years prior to the date of submission of the scholarship application;
2. they live in rented accommodation owned by a person other than members of their household of origin;
3. they have earned income from employment or similar work, declared for tax purposes, for at least two years prior to participation in the competition (for the fiscal years 2024 and 2025) and have earned no less than € 9.000,00 per year.

4.5.5 Applicants enrolled in doctoral research courses

For benefits related to doctoral research courses, the applicant may select the 'nucleo ristretto (restricted household)' option, which consists solely of the actual applicant, their spouse, any children under the age of 18 and adult children who are financially dependent for IRPEF purposes on the applicant, to the exclusion of all other family members.

This 'restricted household' ISEE may be used for this competition in place of the UNIVERSITY ISEE.

ARTICLE 5 – RULES FOR PARTICIPATION IN THE COMPETITION

5.1 General rules – Terms

Participation in the competition is permitted exclusively via the web, pursuant to Article 3-bis, of Law 241/1990 and Article 45, paragraph 1, of Legislative Decree 82/2005: applicants must complete an online application form (available on the website www.adisurcampania.it pursuant to Article 54, paragraph 2-ter, of Legislative Decree 82/2005) by following the instructions for their specific HEI.

Once validated, the online application form is accessed via SPID (Public Digital Identity System) or CIE (Electronic Identity Card) or, for all other cases, by strictly personal and non-transferrable access credentials, pursuant to Article 3-bis, of Law 241/90, Article 38, paragraph 2, of Presidential Decree no. 445 of 2000 and Articles 64, paragraph 2 and 65, paragraphs 1 and 2, of Legislative Decree no. 82 of 2005.

The information entered in the application form may be modified before the form is submitted. The applications will not be assessed until the end of the submission period. Students may therefore modify their application form by logging into their personal account at any time before that date.

Applications submitted by means or methods other than those indicated in this article will be excluded from the competition.

The online application form must be confirmed no later than 12 am on September 10, 2026, under penalty of exclusion from the competition.

Applications which, for any reason, arrive after the deadlines specified above will not be accepted. Similarly, applications completed partially or incorrectly and/or that do not comply with the methods for submission indicated above will not be accepted.

Application who make errors in compilation that prevent the retrieval of their data from INPS or HEI/AFAM archives which are essential for valid participation in the competition will be excluded from the competition.

The application may be completed and confirmed using any personal computer connected to the Internet, on any day and at any time before the deadline indicated above. However, the Agency accepts no responsibility for applications that have not been received by the deadline where this

is caused by technical problems not attributable to the Agency's IT system. **To avoid potential obstacles due to network overload, we recommend that applicants do not wait until the deadline dates to send their online application forms.**

5.2 Submission of documentation

The application form contains all the information required from the applicant (personal details, payment details, etc.) including qualifications and income details.

Pursuant to Articles 6 and 48 of Legislative Decree no. 82 of 7 March 2005, applicants must declare their certified email (PEC) address when submitting the online application.

The form is self-certified pursuant to Presidential Decree No 445/2000, containing only data useful for the intended purpose. If the documentation is not available from the bodies indicated by the applicant in the online scholarship application due to incomplete, inaccurate, or missing information, the applicant will be excluded from the competition.

Certain information, however, must also be documented for compliance purposes (Articles 19 and 19-bis of Presidential Decree 445/2000) using self-certification Form 1 attached to these guidelines, also available for download online, together with a copy of the applicant's valid ID or equivalent, pursuant to Article 35, paragraph 2, of Presidential Decree 445/2000.

The following circumstances governed by this call must be documented by sending documentation to the Agency:

1. Applicant from a particularly poor or developing country;
2. Applicant with a disability;
3. Student living away from their family of origin;
4. EQUIVALENT UNIVERSITY ISEE (ISEEUP) Applicant with household resident abroad.

All the requirements certifying status must be met on the deadline date for the call under penalty of exclusion from the competition. Therefore, if documentation provided for in this article has an expiry date falling before the deadline date of the call, the applicant will be responsible for taking any necessary action with the entities responsible for issuing said documentation for the purposes of submission within the times provided for in the call. Certifications with a validity date expiring prior to the call deadline will not be assessed.

This documentation, accompanied by Form 1 and a copy of the applicant's valid ID or equivalent, pursuant to Article 35, paragraph 2, of Presidential Decree 445/2000, must be sent to the Agency using one of the following methods:

1. by certified email (PEC) to: adisurc@pec.it;
2. by logging in to the Internet portal with the credentials issued during the validation phase and attaching, in the appropriate section, the scanned documents (duly signed) referred to above.

5.3 Specific rules for applicants with disabilities, applicants from other HEIs following withdrawal from studies or forfeiture, applicants already holding another degree and bonus usage

5.3.1 Applicants with disabilities

Where requested in the online form, applicants with a recognized disability pursuant to Article 3, paragraphs 1 and 3, of Law No. 104 of February 5, 1992, or with a disability equal to or greater than 66%, must expressly declare this and submit documentation issued by the competent authorities proving such status **no later than the competition deadline. If submitted after the deadline, the documentation will not be taken into account**, with the consequence that the non-compliant applicant's merit data will be evaluated according to

Articles 3.1 and 3.2, and the scholarship increase provided for this condition in Article 6.2, letter b) will not be paid.

5.3.2 Applicants from HEIs other than the one for which they compete in the academic year 2026/2027 following withdrawal from studies or forfeiture

Where required in the online form, applicants who in the past have withdrawn from or forfeited courses begun at a HEI/AFAM institute **other than that for which they compete in the academic year 2026/2027** and of the same type (art. 1.2) and who have not used the validation of credits obtained in the previous university programme, must expressly declare this, pursuant to Articles 46 and 47 of Presidential Decree 445/2000.

Applicants who have withdrawn from or forfeited their studies within the same HEI/AFAM institute are exempt.

ADISURC shall verify the situation with the original HEI and will apply the rule explained in article 3.5.

5.3.3 Applicants already holding another degree

Pursuant to Article 3, paragraph 4, of the Presidential Decree of 9 April 2001, the benefits are granted for the first time for the pursuit of each of the course of study types (type A, type B and type C) referred to in art. 1 above. Therefore, students already holding another university degree (including if obtained abroad and not recognised in Italy) of the same level of the degree they aspire to obtain at the end of the course in which they are enrolled for the academic year 2026/2027 are not permitted to participate in the competition.

If requested in the online form, an applicant who has obtained a degree at a HEI **other than the one for which they compete in the academic year 2026/2027** is required to expressly report this, pursuant to Articles 46 and 47 of Presidential Decree 445/2000.

The Agency shall request from the HEI in question the data relating to the degree obtained.

5.3.4 Applicants who have benefited from bonuses

Applicants who come from a HEI **other than the one for which they compete in the academic year 2026/2027** and who have already benefited from a "bonus" at an organisation for student affairs other than the Agency, are required to self-certify this in the online application form pursuant to Articles 46 and 47 of Presidential Decree 445/2000.

The Agency directly requests the data relating to the bonuses used from the relevant organisation for student affairs.

5.4 Transfer of application for applicants from other Regions

Students who enrol in a course of study at a Campania Region following a **transfer from another Region** for the 2026/2027 academic year may participate in the competition, under penalty of exclusion, only if they have submitted their application for the scholarship competition to their original HEI **by the applicable deadline for this competition**.

The possibility of requesting an incoming transfer is available until **12:00 noon on March 31, 2027, through the online procedure, accessible from the reserved area, following accreditation**. The application must indicate the original Region.

All the rules of this call shall apply to transferring applicants.

Applicants whose transfer request is received after the publication of the provisional rankings referred to in art. 8.2 are included solely in the definitive rankings referred to in art. 8.4, and

therefore do not have the option to request correction as per art. 8.3; any appeals must be forwarded to the Campania T.A.R. (Regional administrative court) offices in Naples, within 60 (sixty) days from the date of publication.

5.5 Information and Support

Clarification about your **university programme and merit** details (registration, due payment of enrollment fees and regional fee, registration of completed exams and credits, etc.) may only be requested from the relevant offices of your HEI/AFAM institute.

Clarification about your **income position** may only be requested from the competent offices (financial offices, regular accountants, offices responsible for issuing the ISEE certificate, etc.). ADISURC personnel are responsible only for providing information relating to the rules governing this selection procedure.

Information and support service FAQs are available on the website www.adisurcampania.it. For any questions not answered in the FAQs, you may request additional assistance in the manner described below:

Free telephone number	081-18187377
Ticket service	In student's reserved area

The service is not available on Saturdays, Sundays and public holidays or between the 13th and 19th of August 2024.

No reply can be guaranteed if support requests are received after 12 pm on 4th september 2026.

ARTICLE 6 – AMOUNT OF THE SCHOLARSHIP. INCREASES AND DECREASES

6.1 Amount of scholarship in relation to income

The basic amount of the bursary is set at:

- € 2.890,16, plus one free daily meal per "resident" student;
- € 4.190,71 per "commuter" student;
- € 7.171,11 per "non-resident" student.

The above amounts are paid in full to students whose financial condition is less than or equal to two thirds of the equivalent economic situation indicator (ISEE) referred to in art. 4.1, set at **€ 25.500,00**. For values greater than 2/3, the amount of the bursary is progressively reduced. For a value less than or equal to half the threshold, the basic amounts of the bursary are increased by 15%.

The following table shows the details of the amounts.

ISEE		AMOUNT OF THE SCHOLARSHIP IN EUR		
		'NON-RESIDENT' STUDENT	'COMMUTER' STUDENT	'RESIDENT' STUDENT
Less than or equal to:		Total amount	Total amount	Total amount
BASE: 2/3 of threshold	€ 17.000,00	€ 7.171,11	€ 4.190,71	€ 2.890,16

7/9 of the threshold	€ 19.833,33	€ 6.310,50	€ 3.592,75	€ 2.413,98
8/9 of the threshold	€ 22.666,67	€ 5.449,90	€ 2.994,81	€ 1.937,80
Income threshold	€ 25.500,00	€ 4.589,28	€ 2.396,85	€ 1.461,62

6.2 Increases and decreases

The base amount of the scholarship referred to in point 6.1 above (€7,171.11 for non-resident students; €4,190.71 for commuting students; €2,890.16 for resident students) is increased by 15% if the Equivalent Economic Situation Indicator (ISEE) value is less than or equal to half of the threshold limit, set at €25,500.00.

All amounts referred to in the preceding point 6.1 are:

- increased by 40%** if the student has a recognised disability pursuant to Article 3, paragraph 1, of Law No 104 of 5 February 1992, or has a disability equal to or greater than 66%;
- increased by 20%** if the student is female and attends one of the STEM courses indicated in the annex to this call.

The increases cannot be combined; in the event of a conflict, the higher increase applies. For example, a student with a disability and an ISEE value below €12,750.00 will benefit only from the 40% increase; similarly, a female student with an ISEE value below €12,750.00 enrolled in a STEM course will benefit only from the 20% increase.

The following reductions apply to all scholarship amounts, including—where applicable—any of the three described increases (15%, 20%, 40%):

- reduced by 50%** if the assignee is enrolled in the 'additional semester' referred to in art. 1.2.2;
- reduced by 50%** if an assignee enrolled for the first year fails to obtain 20 credits before 10/08/2027 but before 30/11/2027, as set out in art. 3.1 and 13;
- automatically reduced** by the amount corresponding to the value of the services used by the applicants, in accordance with art. 10.3 and 10.4 (accommodation and catering services);
- automatically reduced** by any sum owed to the Agency by the applicant for any reason (withdrawal, damage, etc.).

Increases and reductions are implemented automatically by the Agency following checks with the HEIs/AFAM institutes.

ARTICLE 7 – "RESIDENT", "COMMUTER" AND "NON-RESIDENT" STUDENTS

7.1 General criteria

Depending on the place of residence with respect to their course venue, an applicant is categorised as "resident," "commuter" or "non-resident."

The course location is determined by the relevant university. The student's place of residence is the one held on the application deadline.

An applicant who attends a course whose venue is located in their municipality of residence or in the municipalities immediately adjacent to it, as regulated in the following paragraph, is defined as "**resident**."

Applicants enrolled in an online course run by one of the HEIs referred to in art. 2.1 are included

among "*resident*" students, regardless of their place of residence.

An applicant is considered a "**commuter**" if they reside in a Municipality not immediately adjacent to that where their course venue is located.

Applicants whose course location is not yet final are considered "*commuters*" in the provisional ranking, although status is not assigned. Once this location has been defined, these applicants will be assigned the appropriate status ("*resident*" or "*commuter*") on the basis of the distance between the course venue and their residence. "*Non-resident*" status will be assigned to applicants meeting the requirements described below.

An applicant is considered "**non-resident**" if the following three conditions are **jointly** met:

1. attendance of a course of study held at least 30 (thirty) kilometres distance from the Municipality of residence or who, regardless of the distance in kilometres, resides in one of the islands of the Gulf of Naples (Ischia, Capri or Procida);
2. paid accommodation in the course venue Municipality or in a neighbouring locality, to be demonstrated by:
 - a) allocation of an accommodation place in one of the university residences, as per art. 10;
 - b) and/or a lease for residential use, duly registered as per art. 7.3;
3. permanence in the accommodation place referred to in point 2 for a duration of at least 10 (ten) months in the period 01/10/2026 – 30/09/2027. Permanence of at least 10 months can also be achieved by combining the time spent in university residence and that in private accommodation.

By way of exception to the provisions of point 3, for students simultaneously enrolled in the filter semester and a related course of study (Art. 2.5), the requirement regarding the duration of stay in the accommodation referred to in point 2 is considered met if the stay lasts at least three (3) months during the period from 01/10/2026 to 30/09/2027; this period may be calculated by combining time spent in university residences with time spent in private accommodation.

The distance in kilometers between municipalities is calculated using origin-destination matrices—compiled by Istat—detailing distances (in kilometers) and travel times (in minutes) between all Italian municipalities.

7.2 Indication of venue Municipalities

Applicants residing in the municipality in which the degree course is based or in the following municipalities, with respect to the location of the degree courses, are considered "*resident*".

Venue of the course	Municipality
Ariano Irpino (AV)	Apice, Ariano Irpino, Castelfranco in Miscano, Flumeri, Greci, Grottaminarda, Melito Irpino, Montecalvo Irpino, Savignano Irpino, Villanova del Battista, Zungoli, Monteleone di Puglia
Avellino	Aiello del Sabato, Atripalda, Avellino, Capriglia Irpina, Contrada, Grottolella, Manocalzati, Mercogliano, Monteforte Irpino, Montefredane, Ospedaletto d'Alpinolo, Summonte
Aversa (CE)	Carinaro, Casaluce, Cesa, Frignano, Giugliano in Campania, Gricignano D'Aversa, Lusciano, Parete, Sant'Antimo, San Marcellino, Teverola, Trentola-Ducenta
Baronissi	Baronissi, Castiglione del Genovesi, Cava de' Tirreni, Fisciano, Mercato San Severino, Pellezzano, Salerno
Benevento	Apollosa, Benevento, Castelpoto, Foglianise, Fragneto Monforte, Paduli, Pesco Sannita, Pietrelcina, San Leucio del Sannio, San Nicola Manfredi, Sant'Angelo a Cupolo, Torrecuso

Capua (CE)	Bellona, Capua, Caserta, Castel di Sasso, Castel Morrone, Grazzanise, Piana di Monte Verna, Pontelatone, San Prisco, San Tammaro, Santa Maria Capua Vetere, Santa Maria La Fossa, Vitulazio
Caserta	Capua, Casagiove, Caserta, Castel Morrone, Limatola, Maddaloni, Recale, San Marco Evangelista, San Nicola La Strada, Sant'Agata dei Goti, San Prisco, Valle di Maddaloni
Castellammare di Stabia (NA)	Castellammare di Stabia, Gragnano, Pimonte, Pompei, Santa Maria la Carità, Torre Annunziata, Vico Equense
Cava de' Tirreni (SA)	Baronissi, Cava de' Tirreni, Maiori, Mercato San Severino, Nocera Superiore, Pellezzano, Roccapiemonte, Salerno, Tramonti, Vietri sul Mare
Eboli (SA)	Albanella, Battipaglia, Campagna, Capaccio, Eboli, Olevano sul Tusciano, Serre
Fisciano	Baronissi, Calvanico, Castiglione del Genovesi, Fisciano, Mercato San Severino, Montoro
Frattamaggiore (NA)	Arzano, Cardito, Casoria, Crispano, Frattamaggiore, Frattaminore, Grumo Nevano, Sant'Arpino
Grottaminarda (AV)	Ariano Irpino, Bonito, Flumeri, Fontanarosa, Frigento, Gesualdo, Grottaminarda, Melito Irpino, Mirabella Eclano
Maddaloni (CE)	Acerra, Caserta, Cervino, Maddaloni, Marcianise, San Felice a Cancelli, San Marco Evangelista, Santa Maria a Vico, Valle di Maddaloni
Marcianise (CE)	Acerra, Caivano, Capodrise, Carinaro, Gricignano di Aversa, Macerata Campania, Maddaloni, Marcianise, Orta di Atella, Portico di Caserta, San Marco Evangelista, San Nicola la Strada, Santa Maria Capua Vetere, Succivo
Mercogliano (AV)	Avellino, Mercogliano, Monteforte Irpino, Mugnano del Cardinale, Ospedaletto d'Alpinolo, Quadrelle, Summonte
Napoli	Arzano, Casandrino, Casavatore, Casoria, Cercola, Marano di Napoli, Melito di Napoli, Mugnano di Napoli, Napoli, Portici, Pozzuoli, Quarto, San Giorgio a Cremano, San Sebastiano al Vesuvio, Volla
Nocera Inferiore (SA)	Castel San Giorgio, Nocera Inferiore, Nocera Superiore, Pagani, Roccapiemonte, San Valentino Torio, Sarno, Tramonti
Nola (NA)	Acerra, Camposano, Casamarciano, Cicciano, Cimitile, Comiziano, Liveri, Marigliano, Nola, Ottaviano, Palma Campania, Roccarainola, San Felice a Cancelli, San Gennaro Vesuviano, San Paolo Belsito, San Vitaliano, Saviano, Scisciano, Somma Vesuviana, Visciano
Pomigliano d'Arco (NA)	Acerra, Casalnuovo di Napoli, Castello di Cisterna, Pomigliano d'Arco, Sant'Anastasia, Somma Vesuviana
Portici (NA)	Ercolano, Napoli, Portici, San Giorgio a Cremano
Pozzuoli (NA)	Bacoli, Giugliano in Campania, Napoli, Pozzuoli, Quarto
S. Maria Capua Vetere (CE)	Capua, Carinaro, Casaluce, Curti, Macerata Campania, Marcianise, San Prisco, San Tammaro, Santa Maria Capua Vetere, Teverola
Salerno	Baronissi, Castiglione del Genovesi, Cava de' Tirreni, Giffoni Valle Piana, Pellezzano, Pontecagnano Faiano, Salerno, San Cipriano Picentino, San Mango Piemonte, Vietri sul Mare
Sant'Agata de' Goti (BN)	Arienzo, Caserta, Dugenta, Durazzano, Frasso Telesino, Limatola, Moiano, Sant'Agata de' Goti, Santa Maria a Vico, Tocco Caudio, Valle di Maddaloni
Sant'Angelo dei Lombardi (AV)	Guardia Lombardi, Lioni, Morra De Sanctis, Nusco, Rocca San Felice, Sant'Angelo dei Lombardi, Torella dei Lombardi, Villamaina

Solofra (AV)	Aiello del Sabato, Calvanico, Contrada, Montoro, Serino, Solofra
Torre del greco (NA)	Boscotrecase, Ercolano, Ottaviano, Torre Annunziata, Trecase, Torre del Greco
Vallo della Lucania (SA)	Cannalonga, Castelnuovo Cilento, Ceraso, Gioi, Moio della Civitella, Novi Velia, Salento, Vallo della Lucania

This list is illustrative but not exhaustive. Regarding other courses offered by the University, the rule applies that a candidate is considered "local" if they reside in the municipality where the degree program is based or in municipalities bordering it.

7.3 Lease agreement for non-resident applicants not housed at university residences

Applicants not housed in university accommodation and who intend to apply as non-resident students, must prove their status through a lease contract with a duration of at least 10 months between 01/10/2026 and 30/09/2027, submitted in writing and registered with the Revenue Agency.

The contract must not be sent to the Agency: applicants must self-certify the data of the contract in the online application form, in which the applicants must declare:

1. the contract identification details;
2. the registration data with the Revenue Agency;
3. the period of validity of the lease

Loan for use contracts are not valid for the purposes of this selection procedure.

Applicants holding a contract that comes to an end after the deadline date of the competition and whose validity period does not cover 10 months in the period 01/10/2025 – 30/09/2026 are assigned "**non-resident subject to confirmation**" status (equivalent to "commuter") until they have settled their status either by self-certifying a new contract or extending the expired contract **no later than 12 pm on 31/03/2027**, so as to cover the entire period of ten months. If these applicants are granted a scholarship pending status settlement, they will receive an advance payment equal to that provided for commuter students.

"Non-resident" applicants holding a standard contract and who must withdraw from said contract for any reason during the academic year are required to provide immediate and documented notification, attaching a valid document.

For the purposes of recognition of non-resident status, the possession of a lease contract is also required for applicants excluded from the provisional rankings, in order to allow for reinstatement following correction.

"Non-resident" status will be verified by ADISURC with the Revenue Agency. If the assessment is negative, the applicant loses the right to avail of the benefits associated with "non-resident" status and will be assigned "commuter" status. The Agency is also required to report the circumstances to the judicial authorities (pursuant to Article 76 of Presidential Decree 455/2000).

7.4 Foreign students

Foreign students are considered "*non-resident*" regardless of their residence in Italy, **except in cases where the student's household resides in Italy**. In the latter case, a foreign student will be designated "resident," "commuter" or "non-resident" based on the same criteria applied to Italian students.

Foreign candidates classified as "non-resident" (living away from home) who are not staying in university residences must also prove their status by means of a written lease agreement duly registered with the Revenue Agency, with a duration equal to that established for students whose family unit resides in Italy.

7.5 Independent Students

Independent students as per art. 4.5 of the call, are considered "*non-resident*" regardless of their residence in Italy. Applicants availing of this status will automatically be subject to an economic and financial assessment.

ARTICLE 8 – COMPILATION AND PUBLICATION OF RANKING LISTS, ALLOCATION OF FUNDS

8.1 Type of rankings

The outcome of the competition is established through the compilation of, at least, the following three types of ranking, in chronological order:

- **Provisional** rankings;
- **Definitive** rankings;
- **Conclusive** rankings.

Each of the aforementioned rankings is drawn up according to the criteria set out in art. 8.2, 8.4 and 8.5 below and divided into:

- Single ranking reserved for applicants **enrolled for the first time in the first year**;
- Rankings reserved for applicants **enrolled in years subsequent to the first**.

The Agency can approve intermediate rankings between the three levels, in order to promptly define any changes in eligibility.

8.2 Provisional rankings

The **provisional rankings** are compiled immediately after the closing of the deadline for applications. The data provided by the applicants in the online application form are verified through:

- request for relevant data made to Universities;
- request on income data made to the INPS archives;
- request on bonuses, withdrawals and degrees of the same level made to other HEIs or OSAs.

As a result of this first processing, applicants may be classified as:

1. **Eligible**: applicants who meet the requirements of the call under art. 3 and 4;
2. **Excluded**: applicants falling within the cases referred to in art. 14;
3. **Eligible subject to confirmation**: applicants who may meet all the requirements to be considered eligible, but at least one of which requires further verification; these applicants, therefore, cannot yet be classified as either eligible for or excluded from the competition. The types differ depending on the HEI.

Suspension status is removed directly following verification by ADiSURC with the relevant HEI/AFAM institute.

During this phase, ADiSURC reserves the right to identify potential eligible assignees, for the purpose of granting accommodation to appropriately ranked non-resident students (see 8.11).

The provisional rankings are to be approved by October 31, 2026.

The rankings are published exclusively within the secure student area, where individuals can view their own standing. A notice announcing the publication will be posted on the Agency's website homepage.

8.3 Corrections to the data used for the provisional rankings – Soccorso istruttorio

For reasons of economy and efficiency of the procedure, as well as equal treatment, the

“soccorso istruttorio”, aimed exclusively at regularizing the deficiencies of formal elements of the application and documentary irregularities, and not also at absolute and substantial deficiencies in the documentation or declarations, is permitted within 14 days from the publication of the provisional rankings, only if it does not cause damage to the other applicants. Therefore, within 14 days following publication of the provisional rankings, the applicant has the right to request that the Agency correct the data relating to them, solely and exclusively by filling out the appropriate online form in the manner described in art. 5.

By submitting a request for correction, all applicants may request, depending on the case:

Request type	Deadline
a. a new query of the INPS archives on the part of the Agency, indicating the number of ISEE certification b. corrections of formal errors made when completing the online application (e.g., simple oversights, incorrect selection of form options, etc.)	Within 14 days following publication of the provisional rankings
a. a change of the HEI to which they belong b. details of a private lease contract	By March 31, 2027

The mentioned requests are accepted even after the deadline of 7 days from the publication of the provisional rankings only when the conditions for submitting the request had not been concretely determined before.

Given the purpose of the competition, namely, the awarding of scholarships to support academically meritorious yet financially disadvantaged students in attending educational activities during the 2026/2027 academic year, the speed of the selection process is essential; consequently, the call for applications establishes a procedural workflow that must be strictly adhered to, meaning that requests for rectification received after the deadlines specified in this article will not be accepted.

The mechanism for remedying procedural deficiencies (soccorso istruttorio), as provided for in Art. 6, paragraph 1, letter b) of Law no. 241/1990, cannot be invoked as a benchmark for the lawfulness of administrative action in instances where the individual participant is subject to obligations of propriety—defined by reference to the general principles of good faith, solidarity, and personal responsibility, and grounded substantively in Articles 2 and 97 of the Constitution. These principles require the participant to fulfill minimal duties of cooperation, such as the obligation to provide complete and candid information, fill out forms, and submit documents (Council of State Judgment no. 7118/2025).

8.4 Definitive rankings

The **definitive rankings** shall be compiled at the end of the checks following submission of the requests for correction referred to in the previous paragraph. The data corrected by the applicants are verified through:

- a new request for relevant data made to Universities;
- a new request on income data made to the INPS archives;
- a request on bonuses, withdrawals and degrees of the same level made to other HEIs or OSAs.

The funds available for the competition are also allocated in this phase, as per art. 9.

As a result of this first processing, applicants may be classified as:

1. **Eligible recipients:** applicants who meet the requirements of the call under art. 3 and 4 and who have been awarded a scholarship;
2. **Eligible non-recipients:** applicants who meet the requirements of the call under art. 3 and 4 and who have not been awarded a scholarship due to exhausted economic resources;
3. **Excluded:** applicants falling within the cases referred to in art. 14;
4. **Eligible subject to confirmation:** applicants who may meet all the requirements to be considered eligible, but at least one of which requires further verification; these applicants, therefore, cannot yet be classified as either eligible for or excluded from the competition. The types differ depending on the HEI.

'Subject to confirmation' status is removed directly following verification by ADiSURC with the relevant HEI/AFAM institute.

The definitive rankings are to be approved by December 31, 2026.

The rankings are published exclusively within the secure student area, where individuals can view their own standing. A notice announcing the publication will be posted on the Agency's website homepage.

8.5 Conclusive rankings

The **conclusive rankings** are compiled following completion of university programme verification procedures, also for the purposes of removing any 'subject to confirmation' status referred to in paragraphs 8.2 and 8.4 above.

'Subject to confirmation' status is removed directly following verification by ADiSURC with the relevant HEI/AFAM institute.

At the end of both processes, applicants are either:

1. **Eligible recipients:** applicants who meet the requirements of the call under art. 3 and 4 and who have been awarded a scholarship;
2. **Eligible non-recipients:** applicants who meet the requirements of the call under art. 3 and 4 and who have not been awarded a scholarship due to exhausted economic resources;
3. **Excluded:** applicants falling within the cases referred to in art. 14.

There are no applicants subject to confirmation in the conclusive rankings.

The conclusive rankings are to be approved by April 30, 2027.

The rankings are published exclusively within the secure student area, where individuals can view their own standing. A notice announcing the publication will be posted on the Agency's website homepage.

The list of students awarded scholarships is published in the "Contributions and Grants" section of the website's "Transparent Administration" area, pursuant to Articles 26 and 27 of Legislative Decree no. 33 of 14 March 2013. The rankings are published exclusively within the restricted student area, where each student can view their own status. A notice announcing the publication is posted on the homepage of the Agency's website.

The list of students awarded scholarships is published in the "Contributions and Grants" section of the website's "Transparent Administration" area, pursuant to Articles 26 and 27 of Legislative Decree no. 33 of 14 March 2013.

8.6 Appeals against the definitive and conclusive rankings

Applicants may appeal the definitive and conclusive rankings with the Campania Regional Administrative Court (TAR) within 60 (sixty) days from the date of publication of the same.

To this end, the publication of the documents and the relative rankings on the website demonstrates full acknowledgement of said documents pursuant to Articles 21-bis, paragraph 1,

of Law 241/1990, and Articles 29 and 41, paragraph 2, of Legislative Decree 104/2010.

8.7 Single ranking reserved for students enrolled for the first time in the first year of all courses of study

Each type of ranking (provisional, definitive, conclusive) relating to students enrolled for the first time in the first year of courses of "type A", "type B" and "type C" includes students of all three-year degree, single-cycle degree, master's degree courses and statutory graduate courses for professional practice (excluding healthcare sciences pursuant to Legislative Decree 368/1999) or doctoral research courses (if not recipients of the scholarships referred to in Ministerial Decree 30/04/1999, no. 224, activated pursuant to Article 4 of Law 210/1998) and is ranked in ascending order solely on the basis of the Indicator of the Equivalent Economic Situation (ISEE) referred to in art. 4.

In case of parity of the Equivalent Economic Situation Indicator (ISEE), priority shall be given to the younger applicant.

In the single ranking, at least one scholarship is guaranteed for each of the three types of course referred to in art. 1.2: "Type A" courses; "Type B" courses; "Type C" courses.

8.8 Rankings reserved for applicants enrolled in years subsequent to the first

For each type of ranking (provisional, definitive, conclusive), students enrolled in years subsequent to the first of "type A" and "type B" courses are divided into a number of ranking tables compiled on the basis of grouping the applicants by course year calculated as described in art. 1.2.1 above, and by degree course. In each of these groups (also called "aggregations") the applicants are placed in order of **decreasing index of merit (IM)** and increasing number of **bonuses** assigned (see art. 3.6).

The **index of merit (IM)** is calculated with the following formula:

$$IM = \{[(NC-NCD):(NCT-NCD)] + [(AG-(K \times 12)-18):12]\} + 2$$

wherein:

- NC** = number of credits earned **before 10/08/2026** (credits attributed as bonuses pursuant to art. 3.6 are not included);
- NCD** = number of credits due pursuant to art. 3 of this call;
- NCT** = number of credits foreseen in the statutory curriculum;
- AG** = average grade reported in completed exams as communicated by the university offices;
- K** = coefficient that assumes a value of **1** for students who qualify for "bonuses" and a value of **0** for those who do not.

In case of parity of the index of merit, priority in the rankings is given based on the following and in order:

- household economic condition referred to the ISEE, in ascending order;
- eligible assignees of the competition for the year 2025/2026;
- to the youngest assignee.

For applicants with the same score, applicants who are eligible as bonus recipients are positioned in the rankings below applicants not benefitting from bonus credits.

8.9 Eligible scholarship recipients

For applicants who are eligible recipients of a scholarship, i.e. those whose ranking falls within the number of scholarships distributed on the basis of the funds available, the following process shall apply:

- a) allocation of a sum in cash, within the limits indicated under art. 6;
- b) allocation an international mobility grant, if requested and if resources are available (art. 11);
- c) reimbursement by the university of university fees and any other grants paid, pursuant to Article 5, paragraph 20 of Law 537/1993 (art. 8.13);
- d) reimbursement by the Agency of the regional fee introduced by Law No 549/1995 (art. 8.13). A.DI.S.U.R.C. will provide the competent Revenue Agencies with a list of applicants receiving a regional fee refund;
- e) accommodation services will only be provided to non-resident students with the appropriate ranking;
- f) access to the catering service under the rate referred to in art. 10.

The benefits referred to in points (a), (b) and (e) above shall be allocated in descending order of ranking.

8.10 Eligible non-recipients of a scholarship

Applicants who are eligible for, but not recipients of, a scholarship due to lack of resources, will receive:

- a) reimbursement by the university of university fees and any other grants paid, pursuant to Article 5, paragraph 20 of Law 537/1993 (art. 8.13);
- b) reimbursement by the Agency of the regional fee introduced by Law No 549/1995 (art. 8.13). A.DI.S.U.R.C. will provide the competent Revenue Agencies with a list of applicants receiving a regional fee refund;
- c) access to housing services and catering services, where present.

8.11 Tax refund to eligible applicants

Applicants who are eligible in the definitive rankings under art. 8.4 and in the conclusive rankings under art. 8.5 are entitled, without the need for further request, to reimbursement for:

- the regional student services fee;
- tuition fees at the university.

Reimbursement of the regional student services fee is directly provided by the Agency.

University fees are reimbursed according to the times and methods of the HEIs/AFAM institutes. After completing the definitive rankings referred to in art. 8.4 and the conclusive rankings referred to in art. 8.5, the Agency sends the names of the eligible students to the relevant university, which shall reimburse the enrollment fees.

ARTICLE 9 – FINANCING OF THE COMPETITION

This competition is financed through:

1. revenue from regional student services fees, pursuant to Article 13 of Regional Law 12/2016 as amended;
2. the Ministerial Supplementary Intervention Fund, determined annually by the Ministry for University and Research;
3. the resources of the Campania ESF+ Programme 2021/2027 – “Education and Training” Priority, under action line 2.f.13, within the framework of Specific Objective ESO 4.6;
4. any other amount that may be allocated by the Agency to this competition.

The total amount of resources is allocated on the basis of the definitive ranking referred to in art. 8.4 and conclusive ranking pursuant to art. 8.5. Allocation is therefore compatible with the availability of the resources referred to in points 1 to 6, based on ranking position.

ARTICLE 10 - PROCEDURES FOR THE USE OF SCHOLARSHIPS AND SERVICES

10.1 Tuition bursary and services bursary

The amounts indicated in art. 6.1, as proportionally structured according to the income conditions indicated in the same article, consist of:

- for "resident" applicants, solely a monetary bursary;
- for "commuter" applicants, a monetary bursary and a catering service bursary, as regulated in the paragraphs below;
- for "non-resident" applicants, a monetary bursary, a catering service bursary and an accommodation service bursary as regulated in the paragraphs below.

10.2 Payment of tuition bursaries

This consists of the total amount of the scholarship less the fees for the selected meal and housing services.

The cash amounts are disbursed as follows:

Ordinary resources:

Scholarships are paid in the terms provided for by the Prime Ministerial Decree of 9/04/2001:

- an advance payment of 50% of the cash portion of the scholarship for all applicants who are not subject to confirmation in the rankings will be paid by 31 December 2026;
- the remaining balance of 50% of the cash portion of the scholarship will be paid:
 - to students enrolled in years subsequent to the first, if not subject to confirmation: by 30/06/2027;
 - to students enrolled in first year of courses, if not subject to confirmation: after verification that they have been awarded at least 20 credits before 10/08/2027 or 30/11/2027;
- for applicants subject to confirmation in the rankings, payment is suspended until confirmation status is settled in the definitive or conclusive rankings. For these applicants, the initial sum and the balance may be paid in one lump sum.

The bursary increases provided for in art. 6 may be applied at a later date, if subject to verification with other agencies.

Pursuant to Decree-Law no. 201 of 6 December 2011 converted, with amendments, by Law no. 214 of 22 December 2011, Article. 12, ADiSURC disburses scholarship instalments, graduation awards and grants for international mobility through electronic payment instruments. Following publication of the definitive and conclusive rankings, students who have been awarded a scholarship must communicate their IBAN code by accessing their personal account online. The IBAN code must correspond to a bank or post office current account belonging to the SEPA network, or any other electronic payment instrument with an associated IBAN code for which the applicant is **holder or joint holder**.

Missing IBAN

Failure to provide an IBAN code will result in the suspension of payments. The suspended sums are paid once the obligation has been corrected and in accordance with office organisation and beyond the deadlines of the aforementioned calendar. Students who provide their IBAN code

between the payment of the deposit and that of the balance will receive the deposit and balance in a single payment, at the same time as the payment of the balance.

In order to receive payment within the deadlines indicated in this article, students who are declared eligible without suspension in the provisional rankings are invited to enter their IBAN code in their reserved area by November 15, 2026.

Failure to provide their IBAN code in their reserved area by December 31, 2027, by students who are declared eligible or scholarship recipients in the final and final rankings, constitutes a waiver of the credit, pursuant to art. 1236 of the Italian Civil Code. Students who fail to do so will therefore permanently lose their right to the credit resulting from the awarding of the scholarship and the reimbursement of the regional tax for the right to education.

Incorrect IBAN

If an invalid IBAN code is provided, the sums paid will be returned to the Agency by the bank. Amounts returned will be repaid in accordance with the methods and timing determined by the office, net of any transfer fees applied by the bank.

To avoid problems with the IBAN, applicants are asked to ensure that the IBAN they provide:

- corresponds to a bank or post office current account belonging to the SEPA network (<https://www.bancaditalia.it/compiti/sispaga-mercati/sepa/>) or to any other electronic payment instrument with an associated IBAN code that is a member of the SEPA network;
- is held or jointly held in the name of the student recipient;
- is formatted correctly (27 alphanumeric characters for an Italian IBAN, or in the correct format for other countries: https://it.wikipedia.org/wiki/International_Bank_Account_Number);
- is for a current account that has not been closed or blocked;
- is connected to a valid payment card;
- is connected to a payment card that is authorised to receive money;
- is connected to a payment card whose encashment limit has not been exceeded;
- is not connected to a post office savings account.

Failure to update a valid IBAN code in their reserved area by December 31, 2027, by students who have incurred a refund due to issues with the IBAN code already communicated, constitutes a waiver of the credit pursuant to art. 1236 of the Italian Civil Code. Students who fail to do so will therefore permanently lose their right to the scholarship credit and the regional tax refund.

Information regarding payment methods is published on the ADiSURC website. Any bank fee payable by the student shall be deducted from the amount due.

10.3 Housing service and related costs

10.3.1 Residences

Applicants who meet the "non-resident" student requirements may also apply for the allocation of an accommodation place at the following university residences, where available:

- Brin University Residence, Via Brin no. 65/c, Naples;
- Parthenope University Residence, Via G. Ferraris n. 273, Naples;
- Campus X University Residence, Via G. Ferraris n. 4, Naples;
- Bagnoli University Residence, Piazza Bagnoli n. 1, Naples;
- Pietrarsa University Residence, Via Pietrarsa, Naples;
- Flavio University Residence, Via Rosini no. 12, Pozzuoli (NA);
- Manzoni University Residence, Via Castello n. 24, Aversa (CE);
- Morano University Residence, Via Mazzaggio n. 12, Aversa (CE);

9. University Residence in the Campus of Fisciano (SA) Lot I;
10. University Residence in the Campus of Fisciano (SA) Lot II, via Mariscoli;
11. Unicampusalerno University Residence, Via Giovanni Paolo II, Fisciano (SA).
12. Baronissi University Residence, Via Aldo Moro, Baronissi (SA);
13. University Residence in Via San Pasquale in Benevento;
14. San Vittorino – Zoppoli University Residence, via Tenente Pellegrini n. 16, Benevento.

The list of Residences may be expanded and supplemented, following the adoption of the call for applications and the start of the academic year, subject to the conclusion of agreements with the Student Welfare Agency (as provided for by Ministerial Decree no. 481 of 26 February 2024 or the Cassa Depositi e Prestiti call for new student residences) and the completion of projects co-financed under Law no. 338 of 14 November 2000.

When submitting the online application, the applicant may indicate a preference, without this constituting any right, for:

- the type of room;
- the host facility.

The preferences expressed by the applicant when filling out the online application do not constitute any obligation on the part of the Administration, which reserves the absolute right to allocate accommodation places based on availability.

University residences are not merely places to sleep; they are spaces that foster the social and cultural integration of students.

For this reason, when assigning accommodation, the Agency seeks to balance candidates' preferences and proximity to their course location with the goal of creating diverse student communities that promote inclusion, multiculturalism, and personal growth. Consequently, a preference expressed by students will be honored provided it aligns with social integration and community-building objectives, ensuring that the community is not dominated by a single linguistic group.

If the Agency makes an assignment directly, accepting the allocated accommodation is a prerequisite for obtaining "out-of-town student" status. Failure to accept the offer will automatically result in the student being classified as a "commuter student," even if they hold a private rental contract.

Should the number of available accommodation places be insufficient to meet total demand, assignments will be made based on ranking order.

Those who are not allocated accommodation due to the lack of available places at university residences can document their "non-resident" status by submitting, in the manner provided for by art. 7.3; duly registered lease for residential use for a duration of at least ten months in the academic year 2026/2027, from 01/10/2026 to 30/09/2027.

Students allocated an accommodation place must present themselves at the location, at the times and on the dates indicated in the specific notice published on the ADiSURC website or in the email communication sent to qualified applicants, for the signing of the deed of acceptance of the accommodation place in the manner provided for in the University Residence Regulations and for the delivery of the documentation indicated therein.

Students who expressly waive the accommodation or do not show up on the dates indicated for acceptance or do not produce the documentation required for the individual location will forfeit the right to accommodation and may, during the rectification phase, self-certify the data of the lease agreement with private parties. Failing this, the students will automatically acquire commuter status.

The duration of the housing assignment is normally 10 months and cannot extend beyond 30 September 2027.

For "additional semester" students, the duration of the assignment is five months, subject to the option of extending their stay in the residence on a paid basis for a maximum additional period of five months.

Students assigned accommodation for the 2026/2027 academic year are required to vacate their accommodation at the end of the assignment period and, in any case, no later than September 30, 2027, to allow for assignments to new eligible students. No priority is granted based on a previous contract, as assignments are made based on the ranking order.

Once the allocation of accommodation to eligible, non-suspended applicants has been completed, the accommodation will be subsequently assigned, for a fee, to eligible, suspended students until all available accommodation places are filled, and, in the event of further availability, to non-eligible students, to those who did not participate in the competition or to the other categories of users envisaged by the Regulations.

For the conditions of use of the accommodation, please refer to the University Residence Regulations.

10.3.2 Fees and payment methods

Service pricing is determined in application of the Prime Ministerial Decree of 09/04/2001, "Uniformity of treatment on the right to university studies, pursuant to Article 4 of Law no. 390 of 2 December 1991", of the Campania Region "Annual university access intervention plan for the academic year 2026/2027."

The rates applicable to the service are determined by a resolution of the Company's Board of Directors and are in effect from October 1, 2026, to September 30, 2027. They are differentiated:

- for a **bed place falling within the optimal standard available**: placement in a single room; presence of toilets in the unit; presence of an independent cooking point; residence located at an adequate distance from the university.
- for a **bed place that does not fall within the optimal standard available**: placement in a double room; absence of toilets in the unit; absence of an independent cooking point; residence distant from the university venue.

Allocation of an accommodation place constitutes the disbursement of part of the scholarship in services, for which a deduction is automatically made from the total amount of the scholarship due corresponding to the rate of the service to be applied in relation to the standard provided, as detailed below.

Type of students	Payment Type
Non-resident eligible assignee students in subsequent years, not subject to confirmation in the ranking	Bursary deduction up to 10 months
Non-resident eligible assignee students in "additional semester" subsequent years not subject to confirmation in the ranking	Bursary deduction up to 5 months + potential direct monthly payment for the remaining 5 months
Non-resident eligible assignee students in a first-year, not subject to confirmation in the ranking	Direct monthly payment for all 10 months
Non-resident eligible assignee students in subsequent years, not subject to confirmation in the ranking	Direct monthly payment for all months until no longer subject to confirmation and cash payment for the accommodation service fee in case of scholarship benefit confirmation
Non-resident eligible non-assignee students in	Direct monthly payment for all months

a first year and subsequent years	until scholarship allocation and cash payment of the accommodation service fee already paid
-----------------------------------	---

Eligible and scholarship recipients from out-of-town students enrolled in the first years, for whom it will be possible to ascertain the achievement of the 20 CFU by 30 April 2027, will not be required, from that moment and until the expiry of the assignment, to directly pay the remaining monthly payments, for which the withholding will be made from the balance of the scholarship. For applicants eligible for a scholarship, not subject to any confirmation and enrolled in years subsequent to the first, the amount corresponding to the fees for accommodation is automatically deducted from the upstream scholarship payment, before payment of the first scholarship advance, or with adjustment upon payment of the balance.

All other persons are required to pay the rate corresponding to the allocated room, as explained in the table above.

The monthly fee must be paid as per the internal regulations of the individual Residences, **under penalty of withdrawal of the benefit to use the accommodation place.**

Applicants who are excluded or forfeit or withdraw pursuant to art. 15, shall lose the right to the benefit and must leave the residence. If these applicants wish to continue to stay in the residence, they must submit an explicit request to the Agency, which reserves the right to decide on the matter based on the availability of unallocated beds for eligible persons.

Applicants who are excluded or forfeit or withdraw pursuant to art. 15, as well as applicants enrolled in a first year who, following non-confirmation of the scholarship, as per art. 3.1 and 13, are required to pay any difference in rate between students eligible for the competition and non-eligible students.

10.4 Catering service and related costs

10.4.1 Service delivery method

University catering is provided to all students through production and distribution units, managed indirectly, through outsourcing, or through agreements, located at the teaching facilities of the university institutions operating in the Campania Region.

Access to the service is governed by the University Catering Regulations and Access Fees.

The service usage period for the 2026/2027 academic year begins on 1 November 2026 and ends on 31 October 2027.

The fees for these services are determined in accordance with the Prime Ministerial Decree of April 9, 2001, and the Campania Region's "Annual Planning of Interventions for the Right to University Education for the 2026/2027 Academic Year."

10.4.2 Pricing

Fees vary according to student status: eligible, eligible beneficiary, or ineligible.

For those who participate in the scholarship competition, the Company automatically places them in their corresponding fee category, with updates made upon approval of the final and final rankings, as a result of changes in status (eligible, eligible beneficiary, or ineligible).

For eligible students and scholarship recipients in the final rankings, with "commuter" or "non-resident" status, where a university canteen or indirectly managed university refreshment point is open, the Company withholds a portion of the scholarship to offset the costs of providing the service, as described in next art. 1.04.3.

Conversely, beneficiary students enrolled in the first year or subsequent years who are not subject to a mandatory deduction may access the service at a reduced rate, in accordance with

the Fee Schedule, generally until October 31, 2027. An exception applies to students enrolled for an additional semester, for whom the reduced rate applies until April 30, 2027.

10.4.3 Deduction of the canteen fee from the scholarship

For eligible students and scholarship recipients in the final rankings, with "commuter" or "non-resident" status, where a university canteen or indirectly managed university refreshment point is open, the Company withholds a portion of the scholarship to offset the costs of providing the service.

For these students, therefore, **the withholding of the meal fee for use of the service is mandatory and is determined as follows:**

- students enrolled in the first year and students enrolled in subsequent years, in progress: **€ 810,00** for one meal per day and **€ 1.521,00** for two meals per day, for access to the service from November 1, 2026, to October 31, 2027;
- students enrolled in years subsequent to the first, for a further semester: **€ 405,00** for one meal per day and **€ 760,50** for two meals per day, for access to the service from 1 November 2026 to 30 April 2027.

Students who apply as "non-resident" have the option of choosing two meals per day.

For the purpose of determining the fee for accessing the dining service, the eligibility period runs from November 1, 2026, to October 31, 2027. For candidates who are successful in the competition and awarded a scholarship, the applicable category is updated following the approval of the final rankings and takes effect on January 1, 2027.

In such cases, the Agency will adjust any excess amounts paid for meals consumed during the period between the start of the academic year and the category update date (November 1 – December 31, 2026) when the final scholarship installment is paid.

No reimbursement is due for failure to use the canteen service at locations where the service is available, nor for failure to consume meals during periods when the service is closed due to suspension of teaching activities.

Currently, the following canteens for which the cost is deducted from the scholarship are open:

1. university canteen on the Fisciano (SA) University Campus
2. university canteen on the Baronissi (SA) University Campus
3. university canteen dedicated to students staying at the "Parthenope" Residence.

If new university canteens are opened during the academic year, the University will apply the meal fee deduction based on the service's start date.

The Company will inform students about the activation of new production and distribution units through its website and any other useful information channels.

10.4.4 Deduction of the canteen fee from the scholarship – students staying in university residence

The amount deducted for the meal fee, covering use of the university canteen located within one of the Agency's university residences, will be calculated based on the dates of entry to and departure from the residence, for the period of service from November 1, 2026, to October 31, 2027.

Students residing in one of the Agency's university residences that features an active university canteen, and who are simultaneously enrolled in degree programs affiliated with academic

departments that also have an active Agency canteen or refreshment point, are subject to the meal fee deduction specified in Art. 10.4.3. Upon housing allocation, these students may choose to take either one or two meals per day, with the deduction amount determined accordingly.

ARTICLE 11 – INTERNATIONAL MOBILITY GRANT

Students receiving a scholarship may apply, one time only for each degree course referred to in art. 1, for a scholarship supplement for participation in international mobility programmes, equal to the difference between the € 600,00 amount and the monthly contribution assigned by the University, so that the total contribution between the University and ADiSURC is equal to € 600,00 on a monthly basis. This sum is paid according to the actual number of days abroad, up to a maximum of 10 months, certified by the university running the mobility program, regardless of the country of destination and provided that the period abroad entails recognition of credits. Travel expenses will also be reimbursed to the amount of € 100,00 for European countries and € 500,00 for non-European countries.

The grant will be paid, if necessary, provided that the applicants are recipients in the conclusive rankings referred to in art. 8.5.

In case of availability of economic resources beyond the scholarships, ADiSURC disburses the grant at the end of the mobility period, after verifying the achievement of at least 6 credits.

ARTICLE 12 – INCOME STATEMENT ASSESSMENTS

The Agency checks the veracity of the declarations produced by subsidy recipients, carrying out the necessary checks pursuant to applicable legislation and in particular Article 10 of Legislative Decree no. 68 of 29 March 2012. Pursuant to Article 10, paragraph 3 of Legislative Decree 29 March 2012, no. 68 *"Anyone who, without being in the conditions established by the state and regional provisions, submits untruthful statements, for themselves or members of the household, in order to qualify for the subsidies, shall be subject to an administrative penalty consisting of the payment of a sum of three times the amount received, or the value of the services unduly used, and shall forfeit the right to obtain other disbursements for the duration of the course of studies, without prejudice to the application of the penalties referred to in Article 38, paragraph 3, of the decree-law of 31 May 2010, no. 78 converted, with amendments, by the law of 30 July 2010, no. 122, as well as the criminal laws for the acts constituting an offence."*

The applicable legislation is the following:

- Article 10, paragraph 3, of Legislative Decree no. 68 of 29 March 2012;
- Article 38, paragraph 3, of Legislative Decree no. 78 of 31 May 2010;
- Law no. 689 of 24 November 1981;
- Presidential Decree 445/2000.

The following table summarises the consequences in cases of false declaration of economic and financial conditions.

Assessment result	Recovery	Penalties
Exceedance of ISEE or ISPE thresholds	Amount unduly received	1. Restitution of three times the amount unduly received 2. Loss of benefit for the entire programme 3. Penalty from € 500,00 up to € 5.000,00 4. Reporting to the judicial authority

Irregularities involving ISEE band variation	Difference unduly received	1. Penalty of between €500 and €5,000 2. Reporting to the judicial authority
Irregularities involving no variation	None	None

In all cases of where a false declaration is identified, the Agency shall report the facts to the judicial authority (pursuant to Article 76 of Presidential Decree no. 445/2000) for the purposes of investigating potential criminal conduct.

Candidates for whom the Company determines that the declaration regarding their household composition does not comply with the provisions of this article shall be excluded from the competition and shall be subject to the penalties applicable to those who exceed the eligibility threshold for the competition.

In addition, the Administration reserves the right to avail of the assistance of the Guardia di Finanza (Finance Police) for preliminary checks, reserving the right to suspend payments in any capacity if it deems it necessary to further verify self-certification.

ARTICLE 13 - VERIFICATION OF MERIT. RESTITUTION OF UNDUE BURSARY OR OTHER AMOUNTS

Students enrolled in the first year of an undergraduate, single-cycle master's degree or master's degree course who have not obtained at least 20 credits by 30 November 2024 lose the right to economic and non-economic benefits but retain eligibility for the competition

In this case, the following are required:

- reimbursement of the scholarship funds, if already received;
- payment of university residence fees, if not already paid;
- payment for any meals consumed free of charge;

In the cases referred to above, the sums already collected from students and the amount corresponding to the value of the services actually utilized must be refunded by the date specified in the notification regarding the exclusion and/or refund decision, and in accordance with the procedures set out therein.

This provision does not apply in the case of students with recognition of disability pursuant to Article 3, paragraph 1, of Law no. 104 of 5 February 1992, or with a disability equal to or greater than 66%.

ARTICLE 14 – SUMMARY OF GROUNDS FOR EXCLUSION

Applicants are excluded from the competition if they:

- are not enrolled in the degree programs specified in Art. 2.1 for the 2026/2027 academic year within the deadlines set out in Art. 2.2;
- fail to notify a change in their home university—relative to the one indicated at the time of application—within the deadlines set out in Arts. 2.2 and 2.5;
- are enrolled for the 2026/2027 academic year in a year of study exceeding the duration specified in Art. 2.3;
- are enrolled for the 2026/2027 academic year as repeating students, students extending their studies beyond the standard duration, or students with a suspended academic career, pursuant to Art. 2.3;
- despite being enrolled for the 2026/2027 academic year, obtain their final degree during the ordinary session of the 2025/2026 academic year, pursuant to Arts. 2.3 and 2.4;

- f) coming from another Region, have not submitted a scholarship application to that Region's student aid agency, or submitted it after the deadline for this competition, pursuant to Arts. 2.5 and 5.4;
- g) are simultaneously enrolled in another degree program and fall under one of the combinations not permitted under Art. 2.6;
- h) have already obtained a university degree (even if obtained abroad and not recognized in Italy) at the same level as the degree they aim to obtain upon completion of the program in which they are enrolled for the 2026/2027 academic year, pursuant to Art. 2.7;
- i) who, following a change in their university academic path, have already received a scholarship for the same year of the course and of the same type (Type A, Type B, Type C) as the one for which the application under this call is being submitted, pursuant to Art. 2.7;
- j) who, following a change in their academic path, are re-enrolled in the first year of a degree programme of the same type as the programme from which they transferred, pursuant to Art. 2.7;
- k) enrolled via a shortened degree programme following the completion of a three-year bachelor's degree, under the conditions specified in Art. 2.7;
- l) who do not meet the merit requirements set out in Art. 3;
- m) whose ISEE certificate exceeds the ISEE and ISPE thresholds indicated in Art. 4.1;
- n) whose ISEE certificate is not valid for university student financial aid benefits, pursuant to Art. 4.2;
- o) whose ISEE certificate was not issued in 2026 and is not automatically available in INPS databases starting from the day following the application submission deadline, pursuant to Art. 4.2;
- p) whose household unit for ISEE purposes was not determined in accordance with the "ISEE Università" rules, pursuant to Art. 4.3;
- q) whose household unit resides abroad and who did not submit the "ISEE parificato" (equivalent ISEE) certificate by 31 March 2027, pursuant to Art. 4.5.2;
- r) who did not complete the online application form according to the procedures and within the deadlines established by Art. 5;
- s) who made errors when filling out the online application form, thereby preventing the retrieval of data from INPS and University databases—as well as documentation from certifying authorities—and consequently preventing the electronic processing of the ranking lists;
- t) who have incurred the penalty referred to in Art. 10, paragraph 3, of Legislative Decree no. 68 of 29 March 2012, following established irregularities that resulted in the revocation of benefits illegitimately obtained in a previous academic year;
- u) who are recipients of a scholarship from another public or private institution that has been expressly declared incompatible with this scholarship;
- v) who find themselves in any other situation for which exclusion from the selection process is stipulated by the D.P.C.M. (Decree of the President of the Council of Ministers). April 9, 2001, by Legislative Decree no. 68 of March 29, 2012, and by the Campania Region's annual programming of measures regarding the right to university education for the 2026/2027 academic year.

ARTICLE 15 – CASES OF DISQUALIFICATION AND WITHDRAWAL

Applicants will lose the right to the scholarship or associated benefits where the following circumstances are established and including after this selection procedure has been completed if they:

- a) have made false or untruthful declarations for the purposes of participating in the competition, pursuant to Article 75 of Presidential Decree 445/2000;
- b) declared to be the only members of the family unit for ISEE purposes, even though they do not fall within the conditions listed in article 4.3 of the notice;
- c) transfer to another university for the academic year 2026/2027;
- d) change degree programs or transfer to another university campus in the Campania Region for the 2026/2027 academic year and fail to meet the merit and academic progress requirements;
- e) withdraw from the degree program for which they applied for the 2026/2027 academic year by April 30, 2027;
- f) fall under any other situation warranting exclusion from the selection process as stipulated by the Prime Ministerial Decree (D.P.C.M.) of April 9, 2001, Legislative Decree no. 68 of March 29, 2012, and the Campania Region's "Annual planning of measures regarding the right to university study for the 2026/2027 academic year".

Disqualification and withdrawal shall result in the loss of the scholarship and related benefits and, therefore:

- a) the return of the amount of the scholarship in cash, if already received;
- b) the payment of university residence fees, if previously granted free of charge;
- c) the payment of the maximum rate for the catering service used;
- d) reimbursement of the international mobility grant, if already received;
- e) refund of tuition fees and contributions owed, if already redeemed;
- f) refund of the regional fee, if already redeemed;
- g) application of the penalties referred to in art. 12, in the event of a negative economic and financial assessment.

In the cases referred to above, the sums already collected from students and the amount corresponding to the value of the services actually utilized must be refunded by the date specified in the notification regarding the exclusion and/or refund decision, and in accordance with the procedures set out therein.

ARTICLE 16 – PROTECTION OF PERSONAL DATA – INFORMATION

The following information is provided pursuant to Article 13 of Regulation (EU) 2016/679 of the European Parliament and Council of 27 April 2016:

Data processing purposes and methods

The processing of personal data is carried out by the Agency solely for the purposes of performing the institutional functions necessary for the completion of this competition. This processing is based on the principles set out in Article 5 of Regulation (EU) 2016/679 of the European Parliament and Council of 27 April 2016. In relation to the purposes indicated above, the processing of personal data is carried out using manual, computerised and/or telematic tools, using logic strictly related to the purposes intended and in such a way as to safeguard the security and confidentiality of the data. Processing will be carried out by ADiSURC as data controller, with the assistance of natural or legal persons appointed and designated as "data controllers" for this purpose. The data will be stored and processed by external companies appointed to manage the computerised selection procedure.

Communication and dissemination of data

The publication of data referring to rankings and payments is carried out in accordance with Regulation (EU) 2016/679 of the European Parliament and Council of 27 April 2016, Legislative Decree 33/2013 and the Guidelines on the processing of personal data, including those contained in administrative documents, carried out for the purposes of publication and transparency on the

web by public entities and other obliged entities (Published in the Official Gazette no. 134 of 12 June 2014).

The data provided are also communicated to the HEIs, the Revenue Agency and INPS for the purposes provided by law.

Finally, the data may be communicated to the Guardia di Finanza (Finance Police) for the purposes of economic and financial assessment.

By participating in the competition, applicants authorise the processing and dissemination of their data as described above.

Pursuant to Article 3 of Presidential Decree no. 184/2006, applicants to the competition authorise the Agency to send any notifications, as counterparties, electronically to the email address indicated in the online application form for participation.

Data controller

The data controller is ADiSURC, in the person of the Chair of the Board of Directors, with registered office in Via De Gasperi no. 45 in Naples.

Data processor

The data processor is the General Director of ADiSURC and the officers responsible for the procedures in which the data are processed.

Data protection officer

The data protection officer is Mr Elio Errichiello, e-mail: dpo@adisurcampania.it.

Rights of data subjects

The data controller ADiSURC may be contacted by applicants to assert the rights provided for by Regulation (EU) 2016/679 of the European Parliament and Council of 27 April 2016.

ARTICLE 17 – REFERENCE REGULATIONS

The rules of the call are binding.

The current legislation on access to university education constitutes a primary and exclusive source of reference for any potential interpretation or application:

- Decreto del Presidente del Consiglio dei Ministri 9 aprile 2001;
- Decreto legislativo 29 marzo 2012, n. 68;

ARTICLE 18 – PROCEDURE MANAGER

The Procedure manager is the officer in charge of the ADiSURC Financial Benefits Service.

ARTICLE 19 – PROCEDURE DEADLINES

The procedure deadlines are indicated in this call pursuant to Article 2, paragraphs 4 and 29, paragraphs 2 and 2-bis, of Law no. 241/1990, considering the sustainability of the deadlines in terms of administrative organisation and the complexity of the administrative procedure and without prejudice to the provisions of Article 17 of Law no. 241/1990. The deadline for the conclusion of the definitive ranking procedure is a maximum of one hundred and eighty days. Grounds which may justify failure to fulfil an act within the final deadline may, by way of example, include:

- a. the particular complexity of an inquiry;
- b. the need to obtain administrative or technical advice;
- c. the completion of administrative or technical investigations;
- d. the large number of cases to be processed;
- e. the large number of documents to be acquired;

Considering the number of recipients of this call and for the purposes of facilitating otherwise The deadlines indicated in this call may be subject to deferral as required by the circumstances described above.

ARTICLE 20 – JURISDICTION

Without prejudice to the jurisdiction of the Regional administrative court of Campania for disputes of an administrative nature, all other civil disputes shall be subject to the exclusive jurisdiction of the court of Naples.

ARTICLE 21 – ANNEXES

1. Deadlines
2. List of particularly poor countries based on low human development indicators (Decree MUR n. 176 of 24/02/2026)
3. Form 1 self-certification for transmission of certified copies of documents
